PREDATOR™ Carburetor, Gum & Varnish Cleaner

DESCRIPTION

Predator™ has a voracious appetite for carbon, gums, and varnishes. Within seconds these deposits are dissolved down to the bare metal. Predator™ contains "Move-n-Lube", an amazing penetrant that frees, lubricates, and displaces moisture in hard to reach passages and sliding surfaces clogged by corrosive deposits.

USES

- Carburetors • Chokes • PCV Systems • Heat Risers • Carburetor Linkage

DIRECTIONS

1. NOTE: PREDATOR™ MAY AFFECT PAINTS AND PLASTICS. CARE SHOULD BE EXERCISED TO AVOID CONTACT WITH EITHER OF THESE MATERIALS. IF ACCIDENTALLY SPRAYED ON PAINT, WASH OFF IMMEDIATELY. 2. To Clean Carburetors: Turn engine off and remove air cleaner. Spray entire inside of carburetor. Next, attach snorkel to valve button so that all parts of the carburetor can be cleaned. Start engine and spray liberally. Lastly, clean outside of carburetor. 3. To Clean Automatic Chokes: Turn engine off and remove air cleaner. Spray both ends of the choke valve while choke is manually being opened and closed by hand. Remove choke cover and then start engine. Spray vacuum cylinder. 4. To Clean PCV Systems: With engine running, spray the heater valve and line. With motor still running, remove oil filter cap and spray into crankcase for about 5 seconds. 5. To Clean Heat Risers: Engine must be cold. Spray the heater valve shaft at the ends. Allow cleaner to penetrate for a few seconds before moving counter weights up and down. 6. To Clean Carburetor Linkage: Simply spray carburetor linkage until clean.

PACKAGING

1007 - 20 oz.
 Aerosol Can
 12 Per Case

STORAGE

Keep away from heat, sparks or open flame. Store at temperatures below 120°F. Do not puncture, incinerate or burn.

SPECIFICATIONS

FLASH POINT : Propellant; -40°F, Product; 100°F
 EVAPORATION RATE : Faster Than
 (Water = 1)
 COLOR : Semi-Opaque
 ODOR : Characteristic Solvent Odor
 SOLUBILITY IN WATER : Nil

HMIS HAZARD RATING

0-Least	A-Goggles	HEALTH	1
1-Slight	B-Goggles, Gloves	FLAMMABILITY	4
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	0
3-High		PERSONAL PROTECTION	B
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Wash eyes with fresh water. If irritation continues, contact physician. SKIN CONTACT: Wash skin with soap and fresh water. If irritation continues, contact physician. INHALATION: Remove to fresh air. Give oxygen. Contact physician. INGESTION: Do not induce vomiting-gastric lavage. Contact physician. ChemTrec (USA) 800-424 9300.
