OIL GUZZLER™ Heavy Duty Engine Degreaser

DESCRIPTION

Unlike traditional runny degreasers, Heavy Duty Oil Guzzler™ is a dripless cleaner that clings to vertical surfaces. Gel-like formula penetrates more completely to better dissolve tough grease and oil from engines, transmissions and powertrain components. Also works better on flat surfaces because powerful cleaners smother oil and grease for better cleaning penetration and easier removal. Will not damage paint, rubber or wiring when used as directed.

USES

- Engines • Transmissions • Powertrain Components • Garage Floors
- Lawn Mowers • Driveways

DIRECTIONS

1. For a thorough cleaning, make certain engine is warm (not hot). 2. TURN IGNITION OFF BEFORE PROCEEDING. 3. Remove air cleaner. 4. Cover distributor cap and carburetor inlet with plastic sandwich bags or other waterproof material. 5. Liberally spray Heavy Duty OIL GUZZLER™ on all areas to be cleaned. 6. Allow product to work for approximately 5 minutes before hosing off with a strong stream of water. NOTE: TO CLEAN GARAGE FLOOR AND DRIVEWAYS: Spray Heavy Duty OIL GUZZLER™ liberally on all areas to be cleaned, wait 10 minutes before hosing off with a strong stream of water.

STORAGE

Do not store in temperatures above 120°F (50°C). Do not puncture, incinerate or burn can. Keep away from heat, sparks or open flame.

SPECIFICATIONS

FLASH POINT : Propellant/Product; -156° F
 EVAPORATION RATE : Faster Than
 (Butyl Acetate = 1)
 COLOR : White
 ODOR : Citrus Scent
 SOLUBILITY IN WATER : Partial

HMIS HAZARD RATING			
0-Least	A-Goggles	HEALTH	2
1-Slight	B-Goggles, Gloves	FLAMMABILITY	4
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	0
3-High		PERSONAL PROTECTION	B
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Immediately flush eyes with plenty of water. Get medical attention, if irritation persists.
 SKIN CONTACT: Immediately flush skin with plenty of water. Remove clothing. Get medical attention immediately. Wash clothing before reuse.
 INHALATION: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get immediate medical attention.
 INGESTION: Get medical attention immediately. If swallowed, do NOT induce vomiting. Give victim a glass of water or milk. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.
