BLACK BEAUTY™ Solvent Based Non-Silicone Rubber Treatment

DESCRIPTION

Many components on today's automobiles are made of rubber. Over time, or if these rubber parts are neglected, they become oxidized, rigid, and dull looking. Tires and side moldings take on a faded appearance and hardened seals cause leaks. Black Beauty™ reverses all this unsightly damage quickly and easily by restoring rubber to a like-new condition. Drab tires and side moldings instantly regain their original rich black look. Hardened seals become pliable again, stopping air and water leaks. Rejuvenated rubber parts no longer stick and freeze. Saves time in cleaning up paint over spray and wax residue from body side moldings. Black Beauty's non-silicone formula is body shop safe and harmless to painted surfaces.

USES

- Tires • Rubber Mats • Window and Door Seals • Miscellaneous Rubber Parts
- Rubber and Plastic Side Moldings

DIRECTIONS

1. SHAKE WELL BEFORE USING. Make certain surface to be treated is clean and dry.
2. Spray Black Beauty™ directly onto surface. Also may be applied by spraying product onto cloth first and then wiping evenly over the area to be treated.
3. To rejuvenate neglected tires, spray directly onto surface. Next, remove oxidized rubber by completely wiping down with a clean cloth. Repeat application until all oxidized rubber has been removed.
4. To renew rubber moldings and seals, wipe surfaces with a cloth dampened with Black Beauty™.

PACKAGING

2002 - 16 oz.

Aerosol Can

12 Per Case

STORAGE

Do not store in temperatures above 120°F (50°C). Do not puncture, incinerate or burn aerosol can. Do not place near sources of heat.

SPECIFICATIONS

FLASH POINT : Propellant; -40°F. Product; 53°F
 EVAPORATION RATE : <1.0
 (Water = 1)
 COLOR : Clear Liquid
 ODOR : Characteristic Solvent Odor
 SOLUBILITY IN WATER : Negligible

HMIS HAZARD RATING

0-Least	A-Goggles	HEALTH	2
1-Slight	B-Goggles, Gloves	FLAMMABILITY	4
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	0
3-High		PERSONAL PROTECTION	A
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Flush eyes with cool water for at least 15 minutes, or flush with a buffered eye wash solution. Consult a physician if irritation persists. SKIN CONTACT: Wash with soap and water. Remove clothing; wash before reuse. INHALATION: Remove to fresh air and insure breathing. INGESTION: Drink large amounts of water or milk. Seek prompt medical attention. ChemTrec (USA) 800-424 9300.
