

## Power Blitz™ All Purpose Cleaner

### DESCRIPTION

A super concentrated cleaner/degreaser that is biodegradable, phosphate free and non-flammable. Removes dirt, grease and other soils quickly and easily. Ideal for interior and exterior use. Truly an all purpose cleaner - this is one product that will clean just about anything well, based on the mix ratio of Power Blitz™ to water.

### USES

- Clean and degrease the interior and exterior of cars, trucks and vans.
- Use as an upholstery cleaner and to clean gutters and aluminum siding.
- Many uses around the marine, household, shop and industry.

### DIRECTIONS

NOTE: To prevent spotting or damage to glass, painted surfaces, aluminum and fabrics, do not apply Power Blitz™ full strength without first testing a small hidden area. Never allow Power Blitz™ to dry on surface. Do not work in direct sunlight.

1. For hard surfaces: May be diluted up to 1:16 for satisfactory results on lighter cleaning jobs. Spray directly on surface to be cleaned. Allow product to work for 2-3 minutes. Rinse thoroughly with fresh, clean water.
2. For rugs, upholstery and cloth surfaces: Mix 1 quart concentrate into a clean 5 gallon pail. Direct a strong spray of water into pail (about 3 gallons of water) to develop mounds of suds. With a brush or sponge, apply suds directly on surface to be cleaned. For best results, brush in a circular motion. Wipe dry with a clean cloth.  
Note: For machine cleaning cut 1:1.

IMPORTANT: Safety glasses and rubber gloves are recommended when using Power Blitz™.

### STORAGE

Protect from freezing. Do not store at temperatures above 120°F (50° C).

### SPECIFICATIONS

HEALTH	: 1	FLASH POINT	: Does Not Flash
FLAMMABILITY	: 0	EVAPORATIONRATE (butyl acetate=1)	: Less Than 1
REACTIVITY	: 0	COLOR	: Purple Liquid
PERSONAL PROTECTION	: B	ODOR	: Lemon Scented
		SOLUBILITY IN WATER	: Soluble

### PACKAGING

# 20061 - Gallons  
**4 Per Case**  
# 20065  
**5 Gallon Pail**  
# 200615  
**15 Gallon Cube**  
# 200655  
**55 Gallon Drum**
