CHAIN GANG™ Chain and Cable Lubricant

DESCRIPTION

Chain Gang™ has what it takes to get the job done right! FOAMING ACTION ensures maximum penetration for superior lubrication and protection even on vertical surfaces. The addition of MOLYBDENUM DISULFIDE (moly) enables Chain Gang™ to withstand extreme pressures and temperatures beyond the point where other lubricants suffer fatigue. ADHESION AGENTS have special affinity for metal that resist throw-off for better protection and economy. Regular use extends the working life of equipment and improves performance. Many applications for automotive, trucks, marine and industry.

USES

- Bicycles • Motorcycles • Cables and Pulleys • Chains & Wire Rope • Gears
- Linkages • Sprockets • Hinges and other Roller Assemblies

DIRECTIONS

1. IMPORTANT: CHAIN GANG SHOULD NEVER BE APPLIED WHEN EQUIPMENT IS IN USE. PROPER PROTECTIVE MEASURES SHOULD BE USED TO INSURE THAT EQUIPMENT CANNOT BE STARTED UNTIL TREATMENT IS COMPLETED. 2. Shake can well before using. 3. Spray at room temperature in a well ventilated area. 4. Prior to applying Chain Gang™, dirty chains can be flushed clean with either WellWorth’s PREDATOR carburetor cleaner or BRAKE AWAY™ brake parts cleaner. 5. Holding can in an upright position, spray generously to completely saturate and protect the surfaces being treated. Re-apply as required.

STORAGE

Do not store in temperatures above 120°F (50°C). Do not puncture, incinerate or burn. Keep away from heat, sparks or open flame.

SPECIFICATIONS

FLASH POINT : Propellant; -40°F. Product; 34°F
 EVAPORATION RATE : Slower Than
 (Water = 1)
 COLOR : Dark
 ODOR : Solvent Oily Odor
 SOLUBILITY IN WATER : Nil

HMIS HAZARD RATING			
0-Least	A-Goggles	HEALTH	2
1-Slight	B-Goggles, Gloves	FLAMMABILITY	4
2-Moderate	C-Goggles, Gloves,	REACTIVITY	0
3-High	Protective Wear	PERSONAL PROTECTION	A
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Wash eyes with fresh water. If irritation continues, contact a physician. SKIN CONTACT: Wash skin with fresh water. If irritation continues, contact a physician. INHALATION: Remove to fresh air. Give oxygen. Contact a physician. INGESTION: Do not induce vomiting-gastric lavage. Contact a physician. ChemTrec (USA) 800-424 9300.
