## ONE 4 ALL™ All Season Diesel Fuel Treatment and Conditioner

**Clean Diesel Additive**

### DESCRIPTION

ONE 4 ALL™ is the all-season hi-tech treatment and conditioner that improves fuel efficiency, increases power, reduces emissions, reduces engine wear, stabilizes fuel, and eliminates the harmful effects of water in the fuel. ONE 4 ALL™ is an organic based, powerful fuel system cleaner, that dissolves the gum, varnish, and carbon deposits that distort fuel injector spray patterns and damage delicate injector and pump components. ONE 4 ALL™ will help hold wax in suspension, slowing the growth of crystals that plug filters in cold weather. ONE 4 ALL™ allows your engine to operate with all the power and efficiency that the manufacturer designed into it.

### USES

- Improve Fuel Atomization for More Power, Greater Efficiency, and Reduced Emissions
- Eliminate Water • Cetane Improver • Stabilize Fuel and Slow Oxidation
- Clean Fuel Injectors and Pumps • Organic Based Formula with No Harmful Alcohols

### DIRECTIONS

For best results, use every time you fuel, adding contents to fuel tanks prior to fueling. The fueling process will ensure that complete and proper mixing takes place. Use 8 ounces for each 250 gallons of fuel (1:4000 treatment ratio). First time users or below 0°F you can use 8 oz. for each 125 gallons to speed the cleaning process. When operating in extreme conditions (marine, high humidity) it is acceptable to use 8 oz. per 125 gallons on a regular basis. ONE 4 ALL™ will eliminate its own volume of water. In cold weather we suggest the use of our FREEZE FLOW™ product, in addition to ONE 4 ALL™, to prevent fuel from gelling and to improve cold weather operation.

### PACKAGING

- # 8025 - 8 oz. Bottle  
24 Per Case
- # 8026 - 1 gallon  
4 Per Case
- # 8027 - 5 gallon
- # 8028 - 55 gallon
- # 8028† - 275 gallon

### STORAGE

Store at room temperature. Do not store near potential sources of ignition. Store in well ventilated area.

### SPECIFICATIONS

- FLASH POINT : Product; 145° F
- EVAPORATION RATE (Butyl Acetate = 1) : Slower
- COLOR : Amber
- ODOR : Sweet Odor
- SOLUBILITY IN WATER : Slight

### HMIS HAZARD RATING

0-Least	A-Goggles	HEALTH	1
1-Slight	B-Goggles, Gloves	FLAMMABILITY	2
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	1
3-High		PERSONAL PROTECTION	B
4-Extreme			

### FIRST AID MEASURES

EYE CONTACT: Flush with large amounts of water for 15 minutes. SKIN CONTACT: Wash with soap and water. Wash clothing separately before reuse. INHALATION: Remove victim to fresh air. INGESTION: DO NOT induce vomiting. Get medical attention. ChemTrec (USA) 800-424 9300.
