TOP SHOT™ Air Intake System Cleaner

DESCRIPTION

Top Shot's powerful yet safe formulation quickly cleans and degreases contaminants from throttle bodies, throttle valves, idle air control valves, air flow meters, map sensors and more. Within minutes dirt, carbon and other contaminants that build up in the air intake system are completely flushed away, thereby restoring the precise operation of the air/fuel ratio. TOP SHOT™ won't harm plastic, teflon, aluminum or other space age materials. Use alone for an immediate improvement in drivability. For optimum performance we recommend using TOP SHOT™ in conjunction with an in-line fuel system cleaner, such as Well•Worth's XCELERATE™, and/or a complete in-line fuel system cleaning. Also effectively cleans carburetors on lawn and garden equipment.

USES

- Throttle Bodies
- Throttle Valves
- Idle Air Control Valve

DIRECTIONS

1. To Clean Throttle Bodies and Throttle Valves: Warm engine to normal operating temperature. Turn engine off. Spray liberally into throat while working the throttle plate. To help clean the Idle Air Control Valve, spray into the Air By-pass Port. Start engine and continue to spray. Complete by spraying the linkage and outside of the throttle body. 2. To Clean Idle Air Control Valve: If the Idle Control Valve was not thoroughly cleaned while cleaning the Throttle Body or Valve, then it may need to be removed and sprayed. If this is required, then make sure the Idle Control Valve is set to manufacturer's specs when reinstalled.

STORAGE

Do not store in temperatures above 120 F (50 C). Do not puncture, incinerate or burn. Do not place near sources of heat.

PACKAGING

- # 1059 - 6 oz.
- # 1037 - 16 oz.
- # 1006 - 20 oz.
- Aerosol Can
- 12 Per Case
- WW 24 K Kit
- Top Shot 6 oz., Power Up,
- Pro-Shock # 1053

SPECIFICATIONS

FLASH POINT	: Propellant; -40 F, Product; 0 F
EVAPORATION RATE (Water = 1)	: Faster
COLOR	: Light Amber
ODOR	: Characteristic Solvent Odor
SOLUBILITY IN WATER	: Negligible

HMIS HAZARD RATING

0-Least	A-Goggles	HEALTH	2
1-Slight	B-Goggles, Gloves	FLAMMABILITY	4
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	0
3-High		PERSONAL PROTECTION	B
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Wash eyes with fresh water. If irritation continues, contact physician. SKIN CONTACT: Wash skin with soap and fresh water. If irritation continues, contact physician. INHALATION: Remove to fresh air. Give oxygen. Contact physician. INGESTION: Do not induce vomiting-gastric lavage. Contact physician. ChemTrec (USA) 800-424 9300.
