POWER UP™ Concentrated Fuel System Cleaner

DESCRIPTION

Power Up™ utilizes synthetic PIB Ammine Technology to dissolve performance robbing deposits and renew power fast! If you have more than 5,000 miles on your car or regularly use a lower quality gas, you are no longer experiencing the same power and performance you did when your car was new. As intake valve deposits gradually build-up, sluggish performance arises and eventually, problems such as hesitation, stalling, etc. result.

USES

- POWER UP™ IS THE PROBLEM SOLVER!
- Reduces octane requirement.
- Super Concentrated formula dissolves tough deposits that other additives miss.
- Powerful one shot cleaner works in one tankful.
- Cleans intake valves, fuel injectors and combustion chambers.
- Reduces exhaust emissions.
- Protects the fuel system against rust and corrosion.

DIRECTIONS

GASOLINE ENGINES: Add one bottle to gas tank before filling. Will treat up to 18 gallons! To maintain lifetime cleanliness of intake valves and fuel injectors and to maintain lower octane requirement, add a bottle of Well•Worth Power Up™ every 3000 miles. CONTAINS NO HARMFUL ALCOHOLS. WILL NOT HARM CATALYTIC CONVERTERS OR OXYGEN SENSORS.

STORAGE

Do not store in temperatures above 120°F (50°C). Keep away from heat, sparks or open flame.

PACKAGING

8003 - 12 oz. Bottle
 24 Per Case
 WW 24 K Kit
 Power Up, Top Shot 6 oz.,
 Pro-Shock # 1063

SPECIFICATIONS

FLASH POINT : Product: 106°F
 EVAPORATION RATE (Butyl Acetate = 1) : Not Determined
 COLOR : Dark Colored
 ODOR : Mild Odor
 SOLUBILITY IN WATER : Insoluble

HMIS HAZARD RATING

0-Least	A-Goggles	HEALTH	1
1-Slight	B-Goggles, Gloves	FLAMMABILITY	3
2-Moderate	C-Goggles, Gloves, Protective Wear	REACTIVITY	0
3-High		PERSONAL PROTECTION	B
4-Extreme			

FIRST AID MEASURES

EYE CONTACT: Flush with large amounts of cool water for 15 minutes. If irritation persists, contact a physician.
SKIN CONTACT: Wash with soap and water and rinse thoroughly. Immediately remove contaminated clothing and launder before reuse. Discard shoes and other leather articles saturated with the material.
INHALATION: Remove person to fresh air. If breathing is difficult, contact a physician. **INGESTION:** Do not induce vomiting. Give conscious person water or milk to dilute. Contact a physician. ChemTrec (USA) 800-424 9300.
