FOR HARD SURFACES:

1. May be diluted up to 1:16 for satisfactory results on lighter cleaning jobs.
2. Spray directly on surface to be cleaned. Allow product to work 2–5 minutes.
3. Rinse thoroughly with fresh water.

FOR RUGS, UPHOLSTERY AND CLOTH SURFACES:

1. Mix 1 quart concentrate into clean 5 gallon pail. For machine cleaning cut 1:1.
2. Direct a strong spray of water into pail (about 3 gallons) to develop mounds of suds.
3. With brush or sponge, apply suds only to surface to be cleaned. For best results, brush in a circular motion. Wipe dry with a clean cloth.
