Well·Worth®

PROFESSIONAL AUTOMOTIVE PRODUCTS

We are excited to share with you our newest Product Catalog edition. Over the years Well•Worth® has become recognized as more than a chemical supplier, but also as a teacher, partner and reference for their customers. We inform first, and then solve, most problems today's professional technicians are encountering. This business philosophy has helped Well•Worth® and their customers continue to grow in one of the most challenging business climates in recent memory.

Since our last printing, Well•Worth® has developed and introduced many new products which we proudly display in this latest edition. Well•Worth® Products continues to be acclaimed as one of the most extensive premier professional chemical lines in the USA.

Well•Worth® remains committed to investing in our technology, chemistry, manufacturing processes and people so that we may exceed the expectations of the professional technician by bringing to the market the best formulations possible. And we are proud that we continue to be admired for our innovative solutions on today's fuel problems, especially diesel and ethanol.

As when we started, the Well•Worth® brand name continues to represent the owner's dedication to QUALITY, SERVICE and "THE GUARANTEED BEST VALUE IN THE MARKETPLACE".

We thank everyone for their support and confidence in the growth of the Well•Worth® brand name and promise that we remain committed to listen to our customers and meet the changing needs of the marketplace.

Peter Carr, Debra Carr and Cindy Dehler

To maintain our promise of consistent quality and services, Well•Worth continues to expand its manufacturing capabilities and marketing programs!

Technical and sales seminars are an important part of our overall commitment.

Custom formulations set us apart from the competition.

Our products are rigorously field tested before being introduced.

Unless requested, most orders are shipped within 24 hours of receipt.

P/N 1062: 6 oz. aerosol
 P/N 1034: 20 oz. aerosol
 P/N WW 1 K Kit:
 Master Blaster, Top Shot 6 oz.,
 and Power-Up

Master Blaster™ Intake Valve and Combustion Chamber Cleaner

Master Blaster has been specifically formulated to correct driveability problems due to carbon build-up in gasoline powered vehicles. Knocking, pinging and after-dieseling are immediately improved as Master Blaster disintegrates carbon deposits from piston crowns, cylinder heads and combustion chamber. Also packaged in our WW Kits to provide additional cleaning and service options.

Pro-Shock™ Intake Valve and Combustion Chamber Cleaner

Potent formula decarbonizes intake valves, combustion chambers, piston crowns, cylinder heads, EGR valves and passages, oxygen sensors and catalytic converters. Improves driveability and restores lost fuel economy. Dispense as a closed cleaning system using the VT001 Vacu-Tap adapter or use our VT1636 canister. Pro-Shock products offer superior cleaning of soft and hard performance robbing deposits. Use our WW Kits to provide additional cleaning and service options.

P/N 1053: 12 oz. (use with VT001 Vacu-Tap™ adapter)
 P/N 1054: 12 oz. liquid (for use with VT1636 canister)
 P/N WW 24 K Kit: Pro Shock 1053, Top Shot 6 oz.,
 Power-Up 12 oz.

IV² Purge™ Fuel Injector Cleaners

Powerful cleaner designed to be administered through the pressurized fuel system. Cleans injectors and fuel rail with just one application. Eliminates problems such as Misfires, Check Engine Lights and Stall conditions. Available in a pressurized aerosol that can be regulated to over 100 lbs. of pressure or in liquid form to be used with our VT1636 canister. IV² also comes packaged in our WW Kits to provide additional cleaning and service options.
 P/N 1031: 20 oz. aerosol
 P/N 1052: 12 oz. liquid (use with VT1636)
 P/N WW 5K Kit: IV² Purge, Power Up 12 oz.,
 Top Shot 6 oz.

P/N 999 Fuel System Cleaning Tools

VT001 Adapter

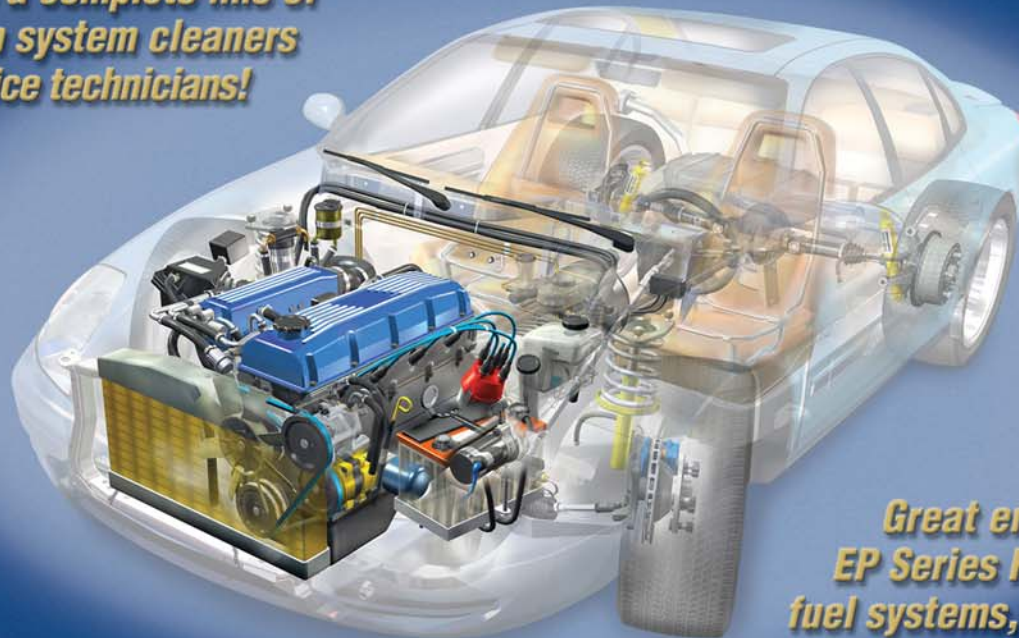

VT1636 Canister

Top Shot™ Air Intake and System Cleaners

Powerful yet safe formulation that quickly cleans idle control valves, throttle bodies and plates, and mass air sensors. Can sprays at all angles. Will not harm converters, O2 sensors, aluminum or coated throttle bodies. Top Shot also comes packaged in our WW Kits to provide additional cleaning and service options. Packaged with a tri-lingual label (English/French/Spanish).
 P/N 1059: 6 oz. aerosol
 P/N 1037: 12 oz. aerosol
 P/N 1006: 20 oz. aerosol (tri-lingual label)
 P/N WW 24 K Kit: Top Shot 6 oz. aerosol,
 Power-Up, Pro-Shock 1053

Well•Worth manufactures a complete line of fuel, engine and emission system cleaners specially designed for service technicians!

OCTI-PLUS™
 • For all fuels including Ethanol blended fuel.
 • Stops chemical breakdown of components caused by Ethanol.

Octi-Plus™

Premium product specially formulated to provide superior cleaning of all fuel systems. *Reverses the negative affects of Ethanol blended fuels such as "Phase Separation" and deposit build up.* Does what dry gas cannot do in today's blended fuels while also cleaning performance robbing deposits and reducing emissions.
 P/N 8056: 12 fluid oz.
 P/N 8051: 1 gallon
 P/N 8052: 5 gallon
 P/N 8053: 55 gallon

Xcelerate™ Fuel System Maintenance and Fuel Stabilizer
 Synthetic Based PIB Ammine formula for effective deposit control ("Clean-Up" as well as "Keep Clean"). No harm formula cleans fuel system, restores performance and increases fuel mileage. Each bottle contains enough fuel stabilizers to treat 50 gallons of fuel and keep it fresh for up to 2 years.
 P/N 8001: 8 fluid oz.

***EP SERIES**

EP™ Stands For Extra Performance
 We guarantee these products to always contain the most advanced and very best formulations for maximum results.

Power Up™ Concentrated Synthetic Based PIB Ammine Formula
 Power Up™ is the highest performing "Deep Clean" product of its type on the market. Cleans intake valves, injectors and combustion chambers in one tank. Cleans harmful fuel sender deposits and reduces emissions in just one tank of fuel.
 P/N 8003: 12 fluid oz.

Great engine performance begins at the fuel tank...Well•Worth's EP Series Fuel Additives are formulated to clean and fortify gasoline fuel systems, plus eliminate problems caused by ethanol blended fuel!

WW SERVICE KITS FOR FUEL INDUCTION & FUEL INJECTION CLEANING

Well•Worth offers over 22 fuel system service kits designed especially for the professional automotive technician.

WW 24K KIT
 Pro Shock™ 1053 is introduced through VT001. Top Shot™ (6 oz.) cleans throttle body. Power Up™ added to fuel tank to deep clean the entire fuel system.
 Note: VT001 needed.

WW 30K KIT
 IV² Purge™ is introduced through the fuel rail using VT1636 and proper adapter. Top Shot™ (6 oz.) cleans the throttle body. Power Up™ added to the fuel tank to deep clean the entire fuel system.
 Note: Needs 999-2 kit.

See page 16 for our most popular service kits.

Pow'r Flush™ Power Steering Rack and Pinion Cleaner

Designed to be used specifically in conjunction with a power steering flush machine. Safely cleans system of debris and contaminated lubricants. Dissolves hard, burned on varnish deposits to allow components to move freely. Also comes packaged in WW kits to provide additional cleaning and service options.

P/N 8014: 12 fluid oz.
 WW 27K Kit: Pow'r Flush, Power Steering Fluid

Power Steering Fluid Complete Line Up

A complete line of fluids with special additives that reduce friction and wear, assuring quiet, chatter free operation. Our semi-synthetic fluids meet most manufacturer's specs, including Honda. P/N's 8008 and 8016 Semi-Synthetic are A-1 Cardonne approved. Our P/N 8017 Fully Synthetic fluid is formulated for special applications and meets or exceeds the special requirements of select manufacturers.

P/N 8008: 12 fluid oz.
 P/N 8016: 64 fluid oz.
 P/N 8016R: Red 64 fluid oz.
 P/N 8017: Synthetic 64 oz.

DOT 3 & DOT 4 Brake Fluid

Super heavy duty fluid meets or exceeds DOT specifications. Reduces wear on system components. Add to flush machine reservoir during flush service or to brake fluid reservoir when level gets low. Brake service kits are available. These kits may be used in conjunction with our brake fluid flush machine.

DOT 3
 P/N 8070: 12 fluid oz. P/N 8071: 32 oz. bottle
 P/N 8072: 1 gallon
 P/N WW 37K Kit: DOT 3 32 oz., Brake Buddy 1002
 P/N WW 45K Kit: DOT 3 32 oz., V.O.C. Brake Buddy 1076
 DOT 4
 P/N 8073: 12 fluid oz. P/N 8074: 32 oz. bottle
 P/N 8075: 1 gallon

Squeal Aid™ Disc Brake Silencer

Squeal Aid eliminates brake squeal when applied to the face of the pads. Fills in pad imperfections. Extends brake life and provides water resistance. Effective on all brake systems including disc and ABS.

P/N 3001: 2 oz. aerosol

Trans Vital™ Automatic Transmission Conditioner

Part of the EP family of products, this formula is specially designed to be compatible with all types of transmission fluids, including Mercon V, Chrysler ATF + 4, and Honda fluid. This product is designed to increase the thermal stability of transmission fluid, thereby increasing its useable life. Maintains a high level of friction modification to keep your transmission running smoothly.

P/N 8006: 11 fluid oz.

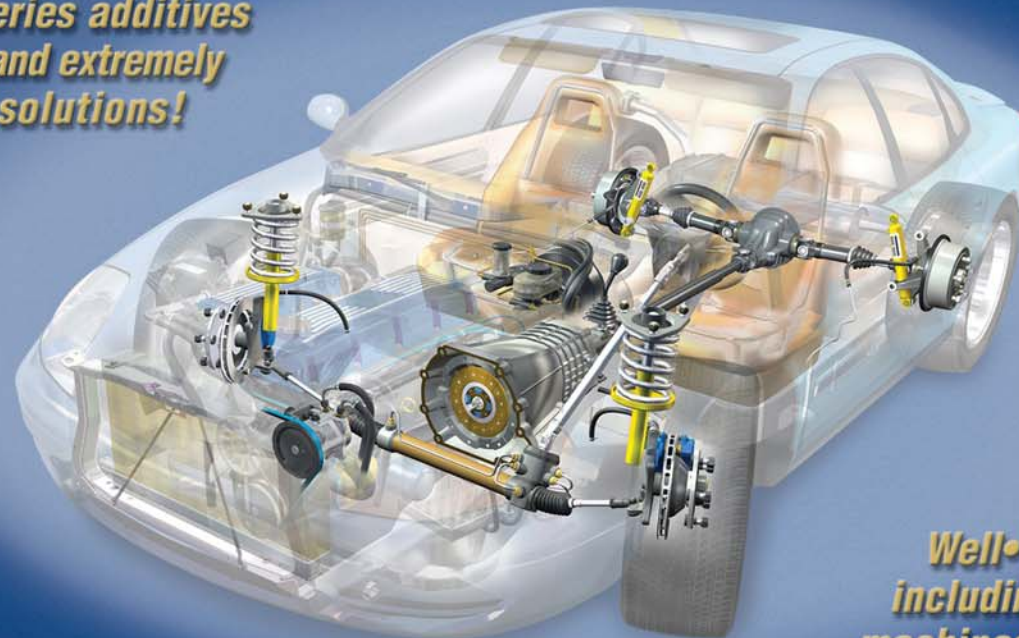

Well-Worth's EP Series additives provide fast, easy, and extremely effective service solutions!

Trans Kleen™ Automatic Transmission Cleaner

Concentrated formula is designed to be used with an approved power flush and fluid exchange machine. Safely removes deposits from the valve body, filter screen and other transmission parts. Comes packaged in our WW kits to provide additional cleaning and service options.

P/N 8009: 12 fluid oz. P/N WW 12K Kit: Trans Kleen, Trans Vital

Well-Worth provides great products, including service kits, fluid exchange machines and excellent tech support!

Brake Away™ Non Flammable Brake Cleaner

Powerful, wet spray removes brake fluid, oil and grease from all brake parts without disassembling. Leaves no residue. Also an excellent cleaner for electrical connections and components such as starters, generators, alternators and switches. Comes packaged in our WW kits to provide additional cleaning and service options.

P/N 1039: 20 oz. aerosol
 Also available in bulk sizes.

Versa Lube™ 100% Silicone Dielectric Grease

With the touch of a finger you can lubricate and seal. Outperforms and outlasts traditional petroleum, synthetic and lithiums. Chemical and heat resistant to over 750°F. Excellent as a brake system lubricant and an electrical connection treatment. Many other uses for automotive, industrial and marine.

P/N 6007: 3 oz. power pack dispenser

75W-90 Premium Synthetic Gear Oil

Offers exceptional thermal and oxidation stability under normal and extreme conditions. This gear oil meets or exceeds the following specifications: API GL5, MIL-2105E, Arvin Meritor 076-R and Mack GO-H.
 P/N 801832: 32 fluid oz.

75W-140 Premium Synthetic Gear Oil

Our heavy duty SAE 75W -140 oil for use in all differentials and manual transmissions where GL-5 gear oil is recommended. 75W - 140 meets or surpasses all the requirements of the API designation GL5, the MIL-2105E specification, SAE J2360, the Mack GO-J specification and also, the requirements of Eaton and Rockwell differentials. *No additional packages for limited slip applications are required.*
 P/N 805832: 32 fluid oz.

Multi-Functional Gear Additive

For car and truck differentials and manual transmissions. Specially formulated to improve lubrication and load bearing characteristics, shear and thermal stability. Raises the quality of oil towards synthetic oil standards while reducing foaming and lowering pour point.
 P/N 8019: 4 fluid oz.

Brake Buddy™ Non Chlorinated Brake Cleaner

Modern formula meets today's need for a cleaner that effectively removes brake fluid, grease and other contaminants from brake parts and is completely recyclable with waste oil and other recyclable solvents. Packaged with a tri-lingual label (English/French/Spanish).
 P/N 1002: 20 oz. aerosol (tri-lingual label)
 P/N 1038: 8 oz. aerosol
 Also available in bulk sizes

Brake Buddy™ VOC

Specially formulated for customer's residing in OTC or CARB areas of the country where low VOC's are a concern. Cleaner effectively removes brake fluid, grease and other contaminants from brake parts. Completely recyclable with waste oil and other recyclable solvents. Also packaged in our WW kits to provide additional cleaning and service options.
 P/N 1076: 20 oz. aerosol
 P/N 1077: 24 oz. aerosol
 P/N WW 46 K Kit: 1077 Brake Buddy, Squeal Aid
 Also available in bulk sizes

Flush Well™ Coolant Flush
 Concentrated formula is designed to be used specifically with a coolant flush machine. Over time cooling systems develop a build-up of scale, rust or other corrosion by-products. Left untreated, even a minimal build-up on heat transfer surfaces can radically affect the performance of the cooling system. Safely and effectively removes scale and rust build-up and restores the cooling systems to like-new condition.
 P/N 8007: 12 fluid oz.
 P/N WW 19K Kit: Flush Well, Kool Well, Stop Well

Kool Well™ Conditioner
 Foundation of the EP family of radiator products, Kool Well is compatible with all types of coolant. Regular or extended life coolant will benefit from the addition of an increased alkaline reserve. This keeps the PH of the fluid within an acceptable range, prolonging the life of the coolant. Acid build up is eliminated so damage to system components is stopped. Sludge and other deposit formation is reduced as well.
 P/N 8004: 12 fluid oz.

e-Flush™ Engine Oil Cleaner
 Improve engine performance in just one treatment. Concentrated formula safely flushes sludge, varnish deposits and contaminants from oil passages, screens, hydraulic lifters, rocker arms and other critical engine parts. For gasoline, diesel and LPG engines. Crankcase deposits are safely dissolved, suspended and removed with the old oil. Restores lubrication lost to deposits with just one application. Use alone or with an engine flush machine.
 P/N 8015: 16 fluid oz.
 P/N 801532: 32 fluid oz.
 P/N 801501: 1 gallon

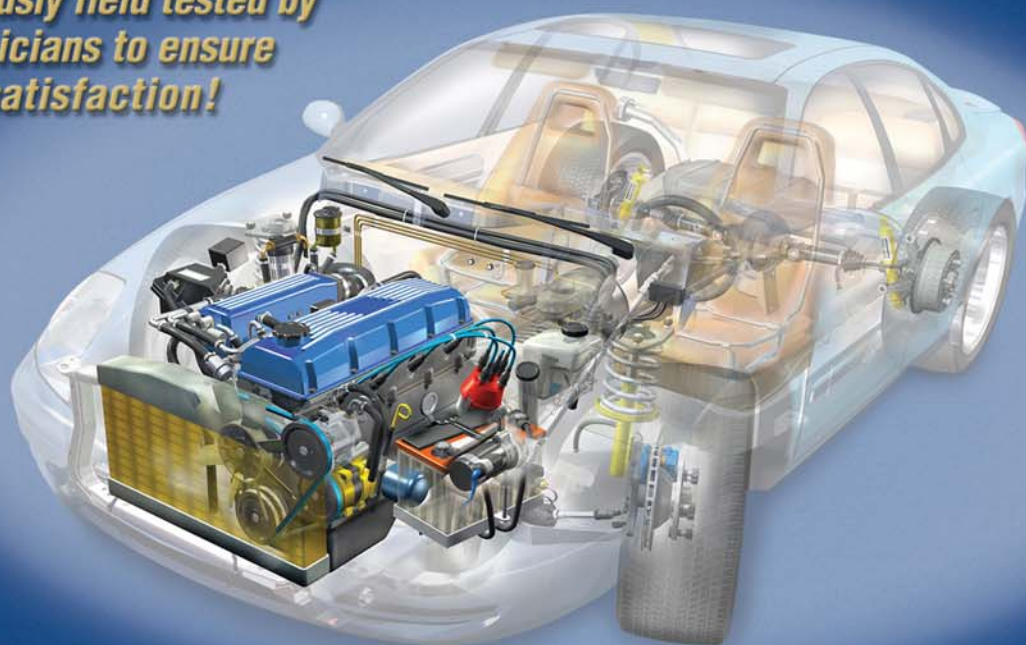

EOA™ Essential Oil Additive
 EOA's formula fortifies all types of quality motor oils (synthetic, standard, diesel) to maintain peak engine performance even under stress. EOA™ stabilizes oil, prevents sludge formation and keeps the entire engine and it's components clean for extended engine life. Friction modifiers reduce wear on critical engine parts to increase fuel economy, extend bearing life and quiet noisy engines. Also raises the thermal stability of engine oil which is critical in today's hotter running engines. Use each oil change or when fluid is low.
 P/N 8020: 11 fluid oz.

Stop Well™ Coolant Sealer

Stop Well is an organic based product. The design of this product allows it to stop all component seepage, including intake manifold and cylinder head gaskets, water pumps and thermostats. It will also seal most holes, up to an 1/8 inch diameter. This product seals without blocking or restricting coolant flow throughout the system.

P/N 8005: 12 fluid oz.

Well•Worth products are rigorously field tested by professional automotive technicians to ensure our formulas provide 100% satisfaction!

Sub Zero™

Air Conditioning Lubricant
 Advanced formula is compatible with all A/C systems. Lubricates, neutralizes acid and removes moisture from all PAG, ester, paraffin and mineral based oil. Sub Zero™ has friction modifiers that reduce compressor operating noise and increase system efficiency. The addition of a fluorescent dye package enables leaks to be easily detected with a black light.

P/N 3014: 2 oz. fluid oz. bottle
 P/N WW 36K Kit: Sub Zero, Fresh Vent

Mist'r Fresh™ Vehicle Ventilation Treatment

Vehicle interiors are some of the unhealthiest places we expose ourselves to on a regular basis. With a single application of Mist'r Fresh™ you can bring your vehicle interior back to a "like new" condition. Treats the total ventilation system, evaporator, heater core, air ducts and interior surfaces. Safe to use on all interior vehicle surfaces. Great product for car dealerships, detail shops and taxi, limousine or truck fleets.

P/N 3016: 4 fluid oz. bottle
 Note: Test first on fabrics that may not be colorfast or water spot.

Fresh Vent™ Air Conditioning Freshener

Cleans and neutralizes foul odors from air/heat duct systems and interiors. More than just a cover-up, Fresh Vent™ freshens foul smelling systems at their source. Removes a variety of odors including mold, mildew and algae to leave behind a "factory fresh" interior.

P/N 3011: 8 oz. aerosol

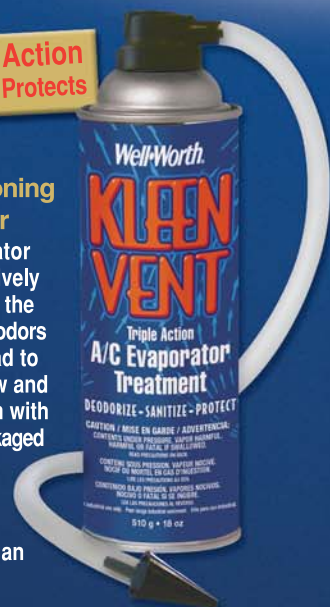

Kleen Vent™ Triple Action Deodorizes • Sanitizes • Protects

Kleen Vent™ Foaming Air Conditioning Evaporator Cleaner

Kleen Vent™ A/C Evaporator Cleaner quickly and effectively removes dirt and debris in the evaporator box. Eliminates odors and the conditions that lead to the growth of mold, mildew and fungus. Leaves the system with a pleasant citrus scent. Packaged with a tri-lingual label (English/French/Spanish).

P/N 3015: 12 oz. aerosol
 Note: Hose and adapter is an additional option.

Kleen Seek™ Battery Cleaner

Foaming battery cleaner is the fast way to clean batteries and detect acid leaks in one simple step. Wherever acid is present, Red Alert™ will cause the cleaner to turn bright red. Dissolves and neutralizes both acid and corrosion simultaneously.

P/N 101702: 2 oz. aerosol
 P/N 1017: 16 oz. aerosol

Life Guard™ Battery Protector

Distinctive purple coating seals and protects cable connections and battery terminals against corrosion. Remains flexible at low temperatures. Maintains full battery power, reduces voltage loss and improves electrical contact.

P/N 300302: 2 oz. aerosol
 P/N 3003: 16 oz. aerosol

Deluxe Battery Pads
 Saturated with a proven formula that resists corrosion. May be used as either top or side protectors.

P/N 600: 30 sets per case

WW SERVICE KITS...FAST, EFFECTIVE AND EASY TO USE!

WW 36K KIT

Sub Zero™ added to A/C system to restore lubrication protection, neutralize acids, remove moisture, and add dye to system for future leak detection.

Fresh Vent™ is added to ventilation system to eliminate odors.
 Note: A/C oil or dye equipment required.

WW 25K KIT

e-Flush™ added to oil prior to change and vehicle brought to operating temperature to remove deposits.

EOA™ added to engine oil to restore and fortify for added engine protection.

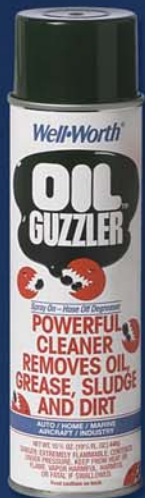

Note: No special tools or equipment required, will also work with flush equipment.

WW 71K KIT

Kleen Seek™ cleans battery connections. Life Guard™ seals and protects battery terminals and connections. Battery Pads install to protect battery connections from corrosion.

SOLVENT SHOP CLEANERS AND DEGREASERS

Predator™ Carburetor, Gum and Varnish Cleaner
Premier V.O.C. formula has a voracious appetite for carbons, gums and varnishes. Contains "Move-n-Lube" to provide lubrication in tough to reach areas. Within seconds deposits are dissolved down to the bare metal. Use to clean carburetors, chokes and PCV systems. Oxygen sensor and catalytic converter safe. Also recommended to quickly and effectively clean gums and varnishes from anything else in the shop. Packaged with a tri-lingual label (English/French/Spanish).
P/N 1007: 20 oz. aerosol

Task Master™ Multi-Purpose Cleaning Solvent
Deluxe formula is truly a multi-purpose cleaner. Formulated to be used both in the automotive and body shop. Removes oil, grease, silicone, tar, undercoating, cement and adhesives from metal, vinyl, rubber, plastics and glass. Non-chlorinated, can be recycled with waste oil.
P/N 1009: 24 oz. aerosol
Also available in bulk sizes.

Crystal Clear™ Glass Cleaner
Premium formula cuts through the toughest dirt, grease and grime with ease. Non-detergent formula will never streak, smear, haze or leave a film when used as directed. Use for a streakproof finish on windows, mirrors, stainless steel, chrome and other hard shiny surfaces.
P/N 1001: 20 oz. aerosol
P/N 1065: 20 oz. V.O.C.

Out of Sight™ Glass Cleaner
Professionally formulated cleaner incorporates the latest technology to give the discriminating user a slightly foamy cleaner that will never leave a film. Makes glass sparkling clean and invisibly clear. Use to clean any hard shiny surface. Formula is VOC compliant.
P/N 1057: 20 oz. aerosol

Plexall™ Plastic Glass Cleaner
Ammonia-free VOC cleaner is the perfect product for plastic (plexi-glass) and tinted window films. Won't scratch or discolor surfaces. Repels dust and contains anti-static agents to help keep glass surfaces sparkling clear. Use for marine, home, RV's, aircraft and automotive.
P/N 1010: 20 oz. aerosol

Oil Guzzler™ Engine Degreaser
Original Oil Guzzler™ is a special blend of V.O.C. cleaners and dispersants that cut through tough, baked-on grease to quickly dissolve oil build-up from engines, transmissions, powertrain components and garage floors. Rinses clean down to the bare surface. Many uses around the shop, marine, aircraft and home.
P/N 1012: 20 oz. aerosol

Well-Worth's solvent cleaners include many V.O.C. compliant formulas that are also available in bulk sizes up to 55 gallons!

Shop Kleen™ Cleaning Solvent
A fast drying cleaner that quickly dissolves grease, oil, and other soils and fluids from metal parts and tools. Contains no 1,1,1, trichloroethane or methylene chloride. Non-chlorinated and recyclable with waste oil.
P/N 1060: 20 oz. aerosol
P/N 1042: 24 oz. aerosol
Also available in bulk sizes.

Cleaning Tech Tip:
Use lint-free cloth towels whenever you're using our glass products. Paper towels contain binders or glue that glass cleaners soften and this residue is often times the main cause of streaking or smearing of a glass surface.

Fabri-Foam™ Fabric and Velour Spot Cleaner
Special cleaners suspended in a mostly dry foam, gently and expertly clean without allowing the area to become soaked. Use on all types of velour, fabric and carpet surfaces. Fabri-Foam comes in a handy upside down type spray can in 2 formulas: original and fortified with D'limonene.
P/N 1004: 20 oz. aerosol P/N 1051: (Citrus) 20 oz. aerosol

Foaming Surface Cleaner
A foaming degreaser/cleaner available in two formulas: original pine and fortified with D'limonene. Both products instantly clean and degrease a variety of soils on any horizontal or vertical vinyl, plastic or hard surface. Biodegradable formula is non-corrosive, non-caustic and contains no CFC's.
P/N 1005: 20 oz. aerosol
P/N 1011: 20 oz. citrus aerosol

PREMIUM FUEL ADDITIVES THAT REMOVE WATER

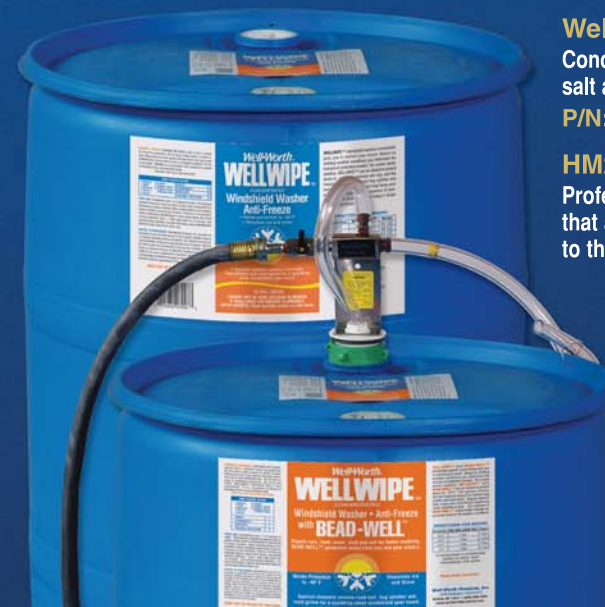

One 4 All™ All Season Fuel Treatment and Conditioner
An organic based product that contains no harmful alcohols. Just 8 oz. of this concentrated formula treats 250 gallons. Will eliminate water, clean fuel injectors and pumps, reduces emissions and improves fuel atomization for more power and greater fuel efficiency.
P/N 8025: 8 oz., treats 250 gal.
P/N 8026: 1 gal., treats 4,000 gal.
P/N 8027: 5 gal., treats 20,000 gal.
P/N 8028: 55 gal., treats 220,000 gal.
P/N 8028t: 275 gal. treats 1,100,000 gal.

Also available in bulk sizes.

Fuel Fix Rx™ Gasoline Treatment and Conditioner
PREVENTS ETHANOL FUEL PHASE SEPARATION!
Fuel Fix Rx™ is the all-season hi-tech treatment and conditioner that eliminates the harmful effects of water contamination in all 2 and 4 cycle engines! Fuel Fix Rx™ is an organic based, powerful fuel system stabilizer and cleaner, that helps prevent ethanol fuel phase separation. Fuel Fix Rx™ improves fuel efficiency, increases power, reduces emissions and reduces engine wear. This powerful multi-purpose formula dissolves gum, varnish and carbon deposits that distort fuel injector spray patterns and damage delicate injector and pump components. Fuel Fix Rx™ contains no harmful alcohols or emulsifiers and allows your engine to operate with full power and efficiency.
P/N 8057: 2 fluid oz. P/N 805708: 8 fluid oz.
P/N 805732: 32 fluid oz. P/N 805701: 1 gallon

WINDSHIELD WASHER FLUID PRODUCTS

WellWipe™ Concentrated Windshield Washer/Anti-Freeze
Concentrated formula allows protection down to -40°F. Dissolves ice, snow, salt and bug splatter for a sparkling clean windshield year round.
P/N:700355: 55 gallon drum

HM208 Hydro Proportioner
Professionals love our proportioner system that automatically mixes water with WellWipe to the correct temperature ratio (see page 24).

WellWipe with Bead-Well™
The addition of Bead-Well™ to our WellWipe™ concentrated formula provides the windshield with a protective coating that repels water and enhances the effectiveness of the windshield wiper operation.
P/N:700455: 55 gallon drum

Bead-Well™ Super Concentrated Windshield Treatment
Adding Bead-Well™ to your current windshield washer solvent means better visibility year round in all types of weather conditions. Leaves an "invisible coating" on your windshield helping repel rain, frost, snow, ice and dirt every time you use your wipers!
P/N 700402: 2 fluid oz.
P/N 700405: 5 gallon

Big Red™ Red Grease

Big Red's aluminum complex base gives this grease it's distinctive red color and outstanding properties. Out-performs and out-lasts lithium and calcium greases. Resists acids, alkalis and salt. Withstands extreme pressures, a wide temperature range and is 100% waterproof. Use for many applications around the shop, household, marine and industry.

P/N 5004: 16 oz. aerosol

White Knight™ White Lithium Grease

The professional's choice for all metal to metal applications. Non-staining grease is VOC compliant, safe on paints and plastics and water resistant. Many applications around the auto shop, household, marine and industry.

P/N 5002: 16 oz. aerosol

My-T-Grease™ Heavy Duty Synthetic Grease

Penetrating grease sprays on as a clear, watery liquid to easily penetrate tight areas. Sets up with "Legs of Strength" adhesion to stay where it's sprayed. Chemical, water and saltwater resistant. Withstands pressure and temperature ranges from -30° F to over 600° F. Many applications around the shop, household, marine and industry.

P/N 5005: 16 oz. aerosol

Snug™ Tire Bead Sealer

Professionals love Snug when mounting new or stored tires. Convenient spray container applies Snug exactly where it's needed without waste. Sets up fast to assure an air tight seal where the bead and rim come together. Especially recommended for radial tires.

P/N 3007: 20 oz. aerosol

Lift-Off™ Paint and Gasket Remover

Gel formula allows stripping agents to completely penetrate and lift coatings with ease. Save time when removing: primers, acrylics, base coats, clear coats, enamels, epoxies, varnishes, lacquers, gaskets, decals, tar, carbon and more.

P/N 3002: 20 oz. aerosol

Quick Stick™ Spray Adhesive

A professional quality spray adhesive that is ideal for gaskets, headliners, floor carpets, upholstery, foam and fabrics. Sets up quickly to form a strong, permanent bond. Product is heat, moisture and water resistant.

P/N 3004: 20 oz. aerosol

Excel™ Anti-Seize Lubricant

Copper rich formula not affected by acids, solvents, oils, alkalis, gasoline, salt water or chemicals. Assures accurate torquing and easier assembly/disassembly of parts. Effective at temperatures up to 2200° F and pressures in excess of 50,000 psi. Many applications around the shop, household, marine and industry.

P/N 3006: 12 oz. aerosol

P/N 6010: 3.75 oz. trigger brush top

P/N 5016: 8 oz. brush top can (not shown) is special order. Contains graphite complex grease (no copper).

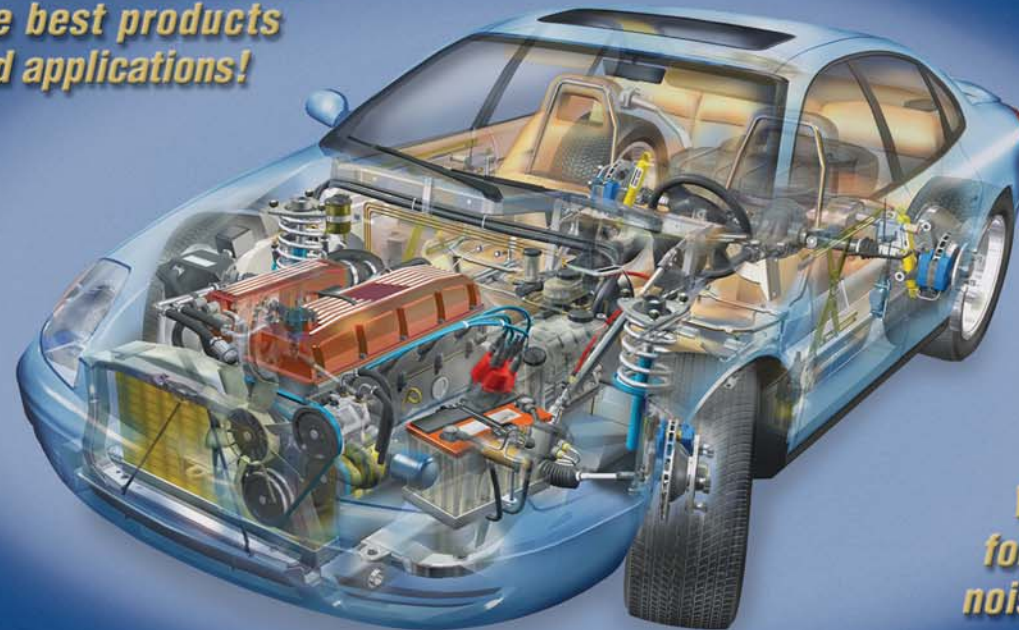

Chain Gang™ Chain and Cable Lubricant

This water resistant formula foams on to ensure maximum penetration, lubrication and protection of chains and cables. Reduces friction and wear, eliminates corrosion and withstands extreme temperatures. Many applications around the auto shop, household, marine and industry.

P/N 5008: 16 oz. aerosol

Ask your Well-Worth distributor to recommend the best products for your required applications!

Well-Worth's Slippery Stuff makes a great coating for rubber weather strips. Premium film eliminates noises and helps doors and trunks operate smoothly.

Slippery Stuff™ Silicone Surface Film

Premium non-staining formula contains 99% pure high viscosity silicone that waterproofs, rustproofs and protects. Convenient sprays in any direction. Safe on plastics and paints. Lightweight propellant is environmentally friendly and contains no CFC's. Many uses around the shop, house, industry and marine. Packaged with a tri-lingual label (English/French/Spanish).

P/N 5001: 20 oz. aerosol

P/N 5007: 16 oz. aerosol (tri-lingual label)

A22™ All Purpose Lubricant and Penetrating Oil

V.O.C. improved formula does so many jobs well, it's like having your own handyman in a can. In addition to being a quick acting penetrant, A22 is also a lubricant, de-moisturant and rust preventative. Endless applications for the auto, home, marine, sportsman, industry, electronics, aircraft and farm.

P/N 5010: 20 oz. aerosol

Laser™ Space Age Penetrating Oil

Pin point spray head transmits a concentrated blend of pure penetrating power that busts loose rusted bolts, nuts, more. Unique climbing action drills beyond tough rust and attacks corrosion from all angles. Leaves behind a protective shield to prevent future rust and corrosion. Use for auto, home, farm, marine and aircraft.

P/N 5011: 16 oz. aerosol

Thunderbolt™ Penetrating Oil

Like a magnet, ION-ACTIVATED Thunderbolt is forcefully drawn beyond heavy corrosion and rust to blast free frozen parts quickly and easily. FOAMS ON, TO STAY ON. Won't burn off under high temperatures. A special lubricant protects metal surfaces under the most demanding situations.

P/N 5009: 20 oz. aerosol

Bead-It™ RTV Silicone

With the touch of a finger, you can quickly and easily apply any of our RTV silicone adhesive sealants. Use the Black and Blue RTV's to make any size gasket quickly and easily. Use the Clear to seal, fix or insulate glass, fiberglass, rubber, vinyl, wood, concrete, ceramic, leather or metal.

P/N 6001: 8 oz. Black RTV

P/N 6002: 8 oz. Clear RTV

P/N 6003: 8 oz. Blue RTV

Special Bead-It™ RTV Silicone Adhesive Sealants

Well-Worth also offers Bead-It for more demanding applications. Use the High-Temp Red for extreme temperatures (-85° F to over 600° F). The Low-Volatile Black exceeds all GM specs for RTV including: O2 sensors, volatility (Silica Volatiles), tack-free time, cure time, temperature range and resistance to oil and glycol. Our Ultimate RTV is a high temp, low volatile, low odor RTV that is resistant to hot oil and glycol. Also OEM approved for use with O2 sensors. Use for all your gasketing and sealing needs.

P/N 6004: 8 oz. Hi-Temp Red

P/N 6005: 8 oz. Ultimate

P/N 6006: 8 oz. Low Volatile Black

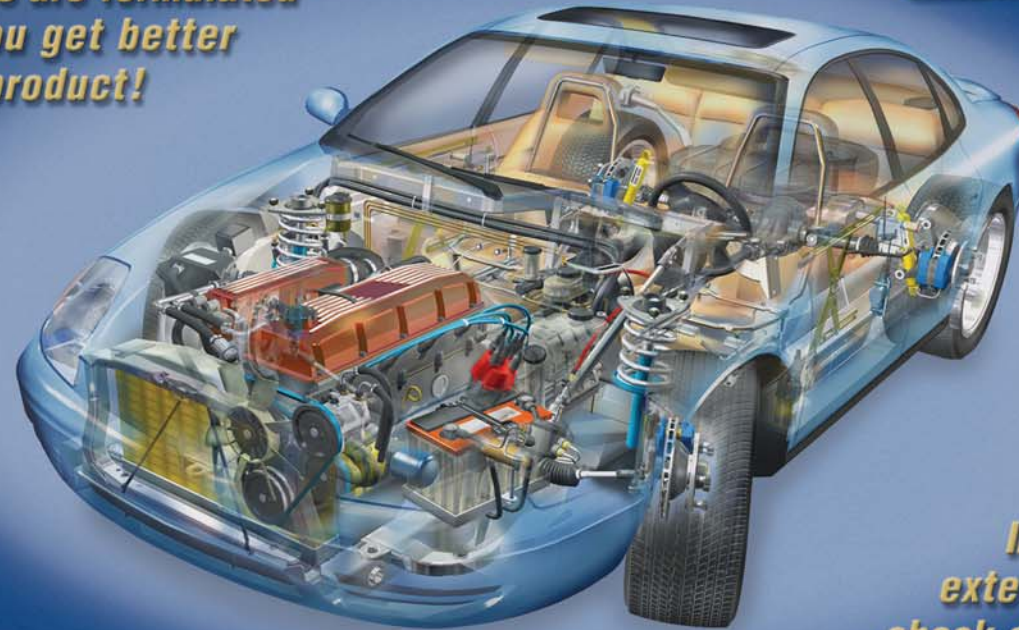

1st Kote™ Sandable Primer
A high quality primer for all flexible and rigid surfaces. Corrosion resistant and compatible with all paint systems. Fast dry time, can be sanded in 5 minutes. 1st Kote can even repair deep scratches, depending on the application.
P/N 4008: 16 oz. aerosol

Prisma™ Acrylic Enamel
Professional formula provides superior coverage in a durable finish that won't crack, chip or peel. Use on metal, wood, fiberglass, automotive engines or anywhere a quality coating is desired. Prisma paints are lead free and have no ozone depleting chemicals. All paints come in 16 oz. aerosol cans.
P/N 4001: Gloss Black
P/N 4002: Flat Black
P/N 4003: Semi-Gloss Black
P/N 4007: Dull Aluminum

Rub-R Shield™ Paintable Rubber Undercoating
V.O.C. compliant, 100% rubber undercoating dries to touch in 15 minutes. Paintable in less than one hour. Abrasion resistant coating seals out road noise, dirt and moisture and inhibits corrosion.
P/N 9008: 24 oz. aerosol

All of our paints and coatings are formulated with more solids so that you get better coverage while using less product!

Body Guard™ Rubberized Undercoating
Non-paintable undercoating contains no asbestos fiber. Heavy duty; will not pinhole, sag or drip. Ideal for use on wheel wells and frame as Body Guard will dry to touch. Offers superior corrosion protection, salt protection and sound deadening. V.O.C. compliant formula.
P/N 9007: 24 oz. aerosol

Kolor King Vinyl & Carpet Flexible Coating
Available by the can or the case; our Kolor King paints for carpets, plastic or vinyl surfaces. Makes any of these surfaces look like brand new. In 44 different colors to match most any colored surface.

*84 oz. wall mounted soap dispenser sold separately.

- P/N 1026: Citrus 84 oz.
 - P/N 1027F: Citrus flat top gallon
 - P/N 1043: Lotion gallon
 - P/N 1044: Lotion 84 oz.
 - P/N 1047: Sensitive Skin 84 oz.
 - P/N 1048F: Sensitive Skin flat top gallon
 - P/N 1049: Supreme 84 oz.
 - P/N 1050: Supreme 16 oz.
 - P/N 1067: Wild Cherry 84 oz.
 - P/N 1068F: Wild Cherry flat top gallon
 - P/N 1070: Heavy Hitter 84 oz.
- Also available in 2 oz. sample sizes.

Big Bully™ Hand Cleaner Line
Our Big Bully hand cleaner line offers a wide choice of cleaning options and skin care to meet individual needs. All of our hand cleaners are biodegradable with a 10 step skin care system to smooth hardworking hands. Wheat germ and 5 botanical extracts enhance the absorption and conditioning performance. All hand cleaners, except the lotion, contain either fine pumice or plastic scrubbers for extra cleaning. Available in a variety of container sizes designed to be used with custom wall dispensers or pumps. Sample size bottles available. Our hand soaps range in strength from mild to wild as follows:

- Lotion (ideal for washrooms)
- Solvent Free (for sensitive skin)
- Citrus or Wild Cherry (ideal for shop use)
- Supreme (for body shop and glass shops)
- Heavy Hitter (for industrial, automotive, farm, aviation and marine use)

In addition to these products Well-Worth manufactures an extensive line for Body and Detail Shop professionals... check out our "WORKS DETAIL" and "ACCESSORIES" sections!

HEADLIGHT AND LENS RESTORATION PROCESS

See Well™ Headlight Lens Restoration Product
See Well™ is the new safe, economical, patent pending process that will restore headlight lenses to like new. Now you don't have to pay a lot of money to replace those dangerously oxidized headlights, but restore them to like new for a fraction of the cost in only 30 minutes! See Well™ is the first and best process to permanently refinish the polycarbonate finish on existing headlights. Your vehicle's overall attractive appearance is restored but more importantly, you'll feel safer driving at night because your headlights have been restored to their original brilliance and clarity.
P/N 9004: 1.5 oz. aerosol P/N 9006: 6.5 oz. aerosol
P/N WW 56K Kit: See Well 1.5 oz., See Well Drying Agent 2 oz., 8 Sanding Discs. **Note:** Starter kit and training is required.

See Well™ Patent Pending Process Restores Lenses to Like NEW!

- Recommended for use on polycarbonate headlights
- Motorcycle Windshields
- Emergency Vehicle Domes
- Tail Lights

See Well™ Training & Certification Available... Call 800-890-7935 today!

Summit™ Total Diesel Treatment
Used as an **ALL SEASON ADDITIVE FOR ALL DIESEL FUELS**. The ultimate diesel treatment. Use Summit as directed with straight #2 diesel fuel and get greater protection to a lower temperature at less cost than blended fuel. Summit **IMPROVES THE LUBRICITY OF LOW and ULTRA LOW SULFUR FUELS**, removes water, contains powerful anti-gel compounds, cleans the fuel system, improves the cetane rating, and creates **Premium Diesel Fuel**. Treats small and commercial vehicles or bulk fuel.

- P/N: 8054: 12 oz., treats 40 gal.
- P/N: 8042: 32 oz., treats 250 gal.
- P/N: 8043: 1 gal., treats 1,000 gal.
- P/N: 8044: 5 gal., treats 5,000 gal.
- P/N: 8045: 55 gal., treats 55,000 gal.
- P/N: 8045t: 275 gal. (tote), Treats 275,000 gal.

Ice Breaker™
Re-liquifies Gelled Fuel!

Ice Breaker™
Ice Breaker™ is a unique formulation of organic solvents that dissolve wax and ice crystals that cause fuel to gel. When used as directed, Ice Breaker™ will begin to work within 20 minutes to completely re-liquify all the fuel in the entire system. Use Ice Breaker™ with complete confidence as it contains **NO chlorinated solvents, methanol or other harmful alcohols** and can be used in #1, #2, #4 and #6 fuels.

P/N 8046: 32 fluid oz.

Freeze Flow™

Use our Cold Weather Treatment to eliminate the need for blended fuel in the winter months. Used as directed, Freeze Flow blended with #2 diesel will lower cold filter plug point, depress pour point, eliminate water, improve lubricity, raise cetane, plus increase fuel mileage and efficiency better than treating with blended fuel. Treats small and commercial vehicles or bulk fuel.

- P/N: 8021: 32 oz., treats 250 gal.
- P/N: 8022: 1 gal., treats 1,000 gal.
- P/N: 8023: 5 gal., treats 5,000 gal.
- P/N: 8024: 55 gal., treats 55,000 gal.
- P/N: 8024t: 275 gal. treats 275,000 gal.

One 4 All™
All Season Fuel Treatment and Conditioner

An organic based product that contains no harmful alcohols. Just 8 oz. of this concentrated formula treats 250 gallons. Will eliminate water, clean fuel injectors and pumps, reduces emissions and improves fuel atomization for more power and greater fuel efficiency.

- P/N 8025: 8 oz., treats 250 gal.
- P/N 8026: 1 gal., treats 4,000 gal.
- P/N 8027: 5 gal., treats 20,000 gal.
- P/N 8028: 55 gal., treats 220,000 gal.
- P/N 8028t: 275 gal. treats 1,100,000 gal.

Clean Diesel Additive

This diesel fuel additive complies with the federal low sulfur content requirements for use in diesel motor vehicles (on-road) and non-road engines.

All of Well•Worth's Diesel Fuel Products meet or exceed Federal requirements for low-sulfur Clean Diesel Additives!

One 4 All with Lubricity™

Keep all your expensive diesel equipment protected (pre '07) from the harmful effects of low lubricity found in today's ultra low sulfur fuels. Regular use of One 4 All with Lubricity adds lubricity to diesel fuels to meet or exceed B.O.C.L.E. and/or H.F.R.R. requirements. Also removes water from fuel and cleans fuel injectors and pumps for greater fuel efficiency and power. Available in different sizes to treat small vehicles, commercial vehicles or bulk fuel.

- P/N: 8033: 32 oz., treats 250 gal.
- P/N: 8034: 1 gal., treats 1,000 gal.
- P/N: 8035: 5 gal., treats 5,000 gal.
- P/N: 8036: 55 gal., treats 55,000 gal.
- P/N: 8036t: 275 gal. (tote), treats 275,000 gal.

Injector Pro Clean™

A concentrated Diesel Fuel Injector Cleaner that meets or exceeds OEM Deposit Test Performance Standards, exceeds Cummins Engine L-10 Superior Injector depositing Test Standard and Cummins N-14 Corrosion Inhibitor Test Standard. Works in one tank of fuel to completely clean carbon deposits from Turbo Charger, EGR Valves and Intake Manifolds. Available in sizes to treat small and commercial vehicles to bulk tanks.

- P/N: 8055: 12 oz., treats 40 gal.
- P/N: 8029: 32 oz., treats 250 gal.
- P/N: 8030: 1 gal., treats 1,000 gal.
- P/N: 8031: 5 gal., treats 5,000 gal.
- P/N: 8032: 55 gal., treats 55,000 gal.
- P/N: 8032t: 275 gal. (tote), treats 275,000 gal.

Well•Worth diesel products come conveniently packaged in a wide variety of sizes to match every customer's need!

WW SERVICE KITS FOR DIESEL ENGINE VEHICLES

Formulated to restore and enhance the performance of diesel engines!

WW 43K KIT

Injector Pro Clean™ (12 oz.) added to clean fuel system.
Summit™ (12 oz.) to condition fuel in tank. 5 bottles, provided for customer use until next service.

WW 60K KIT

e-Flush™ to clean deposits from oil side of fuel injectors.
EOA™ to fortify new oil.
Injector Pro Clean™ (12 oz.) added to clean fuel system.
Summit™ to condition fuel in tank.

***EP SERIES EOA-DIESEL™ OIL TREATMENT**
• Specially formulated for non-particulate trap engines.

EOA-D™
Essential Oil Additive – Diesel

Enhance the performance of newer and older oils by adding EOA-D™ at every oil change. Protect your non-particulate trap engines by extending the life of C14 and C14 oils. EOA-D™ stabilizes oil, prevents sludge formation and keeps the entire engine and its components clean for extended engine life. Advanced friction modifiers reduce wear on critical engine parts for increased fuel economy and extended bearing life. Helps neutralize acids to protect against corrosion.

P/N 802032: 32 fluid oz.

We have a full line of Premium Service Kits available and in stock, along with the ability to custom kit any products on a special order basis. Our most popular service kits are listed below.

	AIR CONDITIONING SYSTEM MAINTENANCE
WW 36K	Sub Zero™ to restore lubrication protection, neutralize acids, remove moisture and contains dye for leak detection. Fresh Vent™ is administered to ventilation system to eliminate odors. A/C equipment required.
	BRAKE SYSTEM FLUSH
WW 50K	Brake Fluid DOT 4 is provided to flush brake fluid (1 qt.). Brake Buddy™ VOC P/N 1076 (20 oz.) used to clean brake parts. Brake bleeder or flush equipment needed.
	BRAKE MAINTENANCE SERVICE
WW 61K	Squeal Aid™ is used to treat brake friction material to minimize noise. Brake Buddy™ VOC P/N 1076 (20 oz.) is used to clean brake parts during maintenance, repair or replacement. Versa Lube™ 7 gram packet to lube caliper slides and contact areas.
	COOLING SYSTEM MAINTENANCE
WW16K	Flush Well™ added to system and brought to operating temperature prior to flush to clean out deposits. Kool Well™ added to system with new coolant after flush to provide added protection. Flush equipment needed.
	DIESEL FUEL AND ENGINE MAINTENANCE
WW 60K	e-Flush™ (16 oz.) to clean deposits from oil side of fuel injectors. EOA™ (12 oz.) to fortify new oil. Injector Pro Clean™ (12 oz.) add to fuel filter housing. Cleans injectors, combustion chamber, turbo charger and EGR. Summit™ (12 oz.) to condition fuel in tank.
	FUEL INDUCTION SERVICE
WW 57K	Pro Shock™ P/N 1053 is introduced through VT001. VT001 needed. Top Shot™ (6 oz.) cleans throttle body. Octi-Plus™ (12 oz.) add to fuel tank to clean fuel system and condition.
	FUEL INJECTION CLEANING
WW 30K	IV² Purge™ P/N 1052 is introduced through fuel rail using VT1636 and proper adapter. Top Shot™ (6 oz.) cleans throttle body. Power Up™ (12 oz.) add to fuel tank to clean fuel system. Needs 999-2.
	COMBINATION FUEL INDUCTION AND INJECTION SERVICE
WW 35K	IV² Purge™ P/N 1052 is introduced through fuel rail using VT1636 and proper adapter. Pro Shock™ P/N 1054 is introduced through VT1636 and 996 S hook. Top Shot™ (6 oz.) cleans throttle body. Power Up™ (12 oz.) add to fuel tank to clean fuel system. Needs 999-2.
	HEAD LIGHT LENS RESTORATION
WW 56K	See Well™ P/N 9004 is applied to light. 8 Sanding Discs are used to clean lamp. See Well™ (2 oz.) drying agent is used prior to SEE WELL application. Requires starter kit and training.
	OIL SYSTEM MAINTENANCE
WW 25K	e-Flush™ added to oil prior to change and vehicle brought to operating temperature to remove deposits. EOA™ (12 oz.) reconditions engine oil. Service can be performed without equipment but works best with flush equipment.
	POWER STEERING FLUSH
WW 27K	Pow'r Flush™ added to steering system and brought to operating temperature to remove deposits. Power Steering Fluid P/N 8016 to exchange fluid (conditioner in fluid). Power steering flush equipment needed.
	THROTTLE BODY SERVICE
WW 47K	Top Shot™ (6 oz.) to clean throttle body. Xcelerate™ (8 oz.) added to fuel tank to clean and stabilize fuel.
	TRANSMISSION SERVICE
WW 12K	Trans Kleen™ (12 oz.) added to transmission and brought to operating temperature prior to flush to clean deposits. Trans Vital™ (12 oz.) added with new transmission fluid after flush is performed. Flush equipment needed.
	BATTERY CLEANING SERVICE
WW 71K	Kleen Seek™ (2 oz.) is used to clean battery connections. Battery Pads (2 ea.) used to protect against corrosion. Life Guard™ (2 oz.) seals and protects battery terminals and connections.

Well-Worth has all the tools and equipment available to perform vital maintenance services that relate to these Premium Service Kits. Call us at 1-800-890-7935 for more details!

Whether your goal is quality, economy, potency, fast and easy or durability, our custom formulations will fit your needs. We call our detail line "The Works" because no one offers more choices when it comes to detail products. Our extensive variety of product solutions will solve any concerns the professional might encounter. All of our products are constantly upgraded and improved to meet VOC, marketplace and tech requirements and then thoroughly tested and approved by the professional detailer before they are added into our line up. Use "Works" products for detailing, new car prep, used car reconditioning, and in the body shop. Custom formulations and comprehensive technical support guarantee outstanding results consistently!

PREMIUM ALL PURPOSE CLEANERS

OUR ALL PURPOSE CLEANERS ARE 100% BODY SHOP SAFE AND V.O.C. COMPLIANT.

Power Blast™

Power Blast™ offers a new dimension in "All Purpose Cleaners". Power Blast's cutting edge biodegradable, phosphate free, non-flammable formula cleans better and rinses easily to quickly remove a variety of soils, greases and stains. Leaves behind a fresh lemon scent and an invisible coating that helps keep surfaces cleaner longer! Great for use on car interiors including rugs, upholstery and cloth surfaces, and any exterior hard surface. Concentrated formula may be diluted as required.

P/N 21161: 1 gallon P/N 21165: 5 gallon
P/N 211655: 55 gallon

Purple Max™

Concentrated cleaner and degreaser removes dirt and sludge. Purple Max™ is ideal for interior or exterior use and as a floor cleaner. Concentrated formula can be diluted with water up to 1:30. Great for pressure washer and floor cleaning.

P/N 207332: 1 quart
P/N 20731: 1 gallon
P/N 20735C: 5 gallon
P/N 207355: 55 gallon

Sluggert™

Biodegradable, fast acting cleaner/degreaser. Ideal for interiors and exterior use. Safe on cloth and all washable surfaces. Great for hand or machine application.

P/N 20631: 1 gallon
P/N 20635C: 5 gallon
P/N 206355: 55 gallon

Citra Safe™

Concentrated d'limonene base cleaner mixes up to 1:20 with water for a lower cost per use. Biodegradable, non corrosive formula contains no harsh solvents. Safe on all metals and washable surfaces. Leaves a fresh citrus scent.

P/N 204232: 1 quart
P/N 20421: 1 gallon
P/N 20425C: 5 gallon
P/N 204255: 55 gallon

Power Blitz™

An extra performance, water based product that may be used safely on many interior and exterior surfaces. Biodegradable formula is concentrated and may be diluted for specific cleaning needs.

P/N 200620: 20 oz. spray
P/N 20061: 1 gallon
P/N 20065C: 5 gallon
P/N 200655: 55 gallon

ALSO AVAILABLE!
Hot Stuff™ Super Concentrated Heavy Duty Cleaner/Degreaser
Ask your Well-Worth Distributor or call us at 1-800-890-7935!

Note: 15 gallon cubes, 30 gallon drums available as special order items on most products.

OUR SPECIALTY CLEANERS ARE 100% BODY SHOP SAFE!

Tire Brite™ **VOC**
Powerful, fast acting, high alkaline formula cleans and brightens tires, whitewalls and raised lettering with minimal scrubbing.
P/N 207032: 1 quart
P/N 20701: 1 gallon
P/N 20705C: 5 gallon
P/N 207055: 55 gallon

Aluminate™ **VOC**
Concentrated acid based cleaner and brightener. Use on wire, chrome, mag and aluminum wheels. Removes road tar, road film, tough grime and rust in one step.
P/N 207432: 1 quart
P/N 20741: 1 gallon
P/N 20745C: 5 gallon
P/N 207455: 55 gallon

Show Wheels™ **VOC**
Our strongest acid based wheel cleaner/brightener. Super concentrated to remove tough road tar, road film and brake dust without scrubbing. Use on wire, chrome, mag and aluminum wheels.
P/N 20091: 1 gallon
P/N 20095C: 5 gallon
P/N 200955: 55 gallon

Super Sol™
Fast acting solvent cleaner. Removes tar, wax, grease and adhesives from hard surfaces. Use to "spot dry clean" upholstery or fabrics of grease, ink, etc. Dries quickly, leaves no residue.
P/N 206832: 1 quart
P/N 20681: 1 gallon
P/N 20685C: 5 gallon
P/N 206855: 55 gallon

Guzzler™ **VOC**
Ready to use solvent cleaner. Easily removes sludge and dirt. Use to clean tough, baked on grease and oil from engines, transmissions, powertrain components and garage floors.
P/N 1013: 1 gallon
P/N 1014C: 5 gallon
P/N 1016: 55 gallon

Sap Zapper™
Penetrates and softens tree sap and bugs for easy removal. Solvent based cleaner dries fast. Sap can be removed from painted surfaces, plastic, rubber and glass. Safe to use on clear coats.
P/N 209732: 1 quart

CAR WASHES AND DRYING AIDS

VOC ALL V.O.C. AND BODY SHOP SAFE

W-600™ **VOC**
Concentrated liquid floor cleaner. Industrial strength formula quickly removes dirt, oils and grease from all concrete surfaces. Use in new or used car lots, garages and industrial plants.
P/N 20811: 1 gallon
P/N 20815C: 5 gallon
P/N 208155: 55 gallon

PFC™ **VOC**
Concentrated non-caustic powdered floor cleaner. Removes grease, heavy soil and dirt, and leaves no residue.
P/N 205925: 25 lb.
P/N 205950: 50 lb.
P/N 205910: 100 lb.

Aqua Sudz™
Premium concentrated liquid soap. Has special foam enhancers to create mountains of suds that last from one wash to the next. Aqua Suds cuts through tough dirt and grease, but won't harm the protective wax finish.
P/N 20071: 1 gallon
P/N 20075C: 5 gallon
P/N 200755: 55 gallon

Tunnel Wax™
For automatic car washes and detailers. This super concentrated car wash rinse and drying aid offers high beading action for fast drying and prevents water spots.
P/N 20841: 1 gallon
P/N 20845C: 5 gallon
P/N 208455: 55 gallon

Extractor™ Concentrated Multi-Purpose Cleaner **VOC**
Economical and highly concentrated cleaner is formulated especially for use with carpet extractor machines. Extractor™ rug and fabric shampoo deep cleans to remove dirt and grease from cloth, velour and carpets.
P/N 20901: 1 gallon
P/N 20905C: 5 gallon

Streak Free RTU™ **VOC**
Economical, ready to use glass cleaner. Contains no soap or ammonia. Leaves glass, mirrors and chrome sparkling clean.
P/N 206632: 1 quart
P/N 20661: 1 gallon
P/N 20665C: 5 gallon
P/N 206655: 55 gallon

Super Sudz™
Concentrated professional liquid soap. Non alkaline, pH balanced formula will not streak. Economical, high suds car wash, leaves no residue and rinses to a spot free surface.
P/N 206916: 16 oz.
P/N 206932: 1 quart
P/N 20691: 1 gallon
P/N 20695C: 5 gallon
P/N 206955: 55 gallon

ALSO AVAILABLE!
Cherry Hi Suds™ Car Wash and TNT™ Truck Wash. Call us at 1-800-890-7935 for more info!

Hydra Bead™
Ready to use hi-gloss drying aid with special beading action for fast drying. For detailers and car washes.

 P/N 204132: 1 qt. P/N 20411: 1 gal.
 P/N 20415C: 5 gal. P/N 204155: 55 gal.

Dazzle™
 Ready to use water based white silicone emulsion dressing. Won't attract dust. For use on interior vinyl, vinyl tops/covers.
 P/N 204432: 1 quart
 P/N 20441: 1 gallon
 P/N 20445C: 5 gallon

Speedy Shine™
 Nano-tech cleaners quickly remove dust and smudges from painted surfaces, glass, mirrors and chrome. Works on all paint types.
 P/N 215032: 1 quart
 P/N 21501: 1 gallon
 P/N 21505C: 5 gallon

Optima Buff™
Pre-Cleaner and Light Compound
 Leaves a swirl free finish on all paints. Lubricated formula allows for longer buffing. For factory applied and refinish clear coat paints to remove 1500-2000 grit sand scratches and light oxidation.
 P/N 207932: 1 quart
 P/N 20791: 1 gallon

Aggressor Plus™
 Aggressor Plus™ is a black, heavy cut compound that should be used on oxidized surfaces and to remove 1500- 2000 wet sand scratches. Product is silicone-free and body shop safe. Formulated to work in combination with Black Foam #85148 or Black Wool # 84148 Edge Pads.
 P/N 211532: 1 quart

Macro Clean™
Clay Bar Paint Surface Cleaner
 Remove imbedded contaminants from new and used vehicle painted surfaces and prepare the paint surface for final wax protection. Removes industrial fallout, paint overspray, rail and brake dust. Indefinite shelf life, won't harden and outperforms other clay products.
 P/N 20859: Aggressive Clay

Flash™
 Solvent silicone coating that conditions any vinyl or rubber surface fast. Leaves behind a water resistant, satin finish.
 P/N 204732: 1 quart
 P/N 20471: 1 gallon
 P/N 20475C: 5 gallon

Flash Plus™
 Extra glossifiers condition rubber or vinyl. Leaves a lasting, high gloss, water resistant shine.
 P/N 204832: 1 quart
 P/N 20481: 1 gallon
 P/N 20485C: 5 gallon

Double Dazzle™
 Concentrated water based blue silicone emulsion dressing. No-stick finish won't attract dust. Ideal for interior vinyl.
 P/N 204532: 1 quart
 P/N 20451: 1 gallon

Wipe Out™
 Liquid odor eliminator. Quickly eliminates most odors by destroying the sources that cause them (bacteria, mold or mildew). Spray directly on carpets, under seats and in air vents to freshen the air. Specify Cherry or Fresh n' Clean fragrance when placing your order.
 P/N 207232: 1 quart P/N 20721: 1 gallon
 P/N 20725C: 5 gallon

Waxing Tech Tip: When applying polish or a polymer wax such as a carnauba, the application and removal should be done using a circular motion either by machine with the correct foam pad or by hand. Remove the polish with a microfiber towel to leave behind that deep, wet shine all car owners love!

Note: 15 gallon cubes, 30 and 55 gallon drums available as special order items on most products.

Detail & Utility Brushes

We can equip you with just the right brush for all your detailing and cleaning operations.

PART NO.	DESCRIPTION
A09-05	Dash Brush
A09-03	Paint Brush
A09-11	Detail Brush
