

SHOW WHEELS™ ACID WHEEL CLEANER

Our strongest acid-based wheel cleaner/brightener. SHOW WHEELS™ is super concentrated to remove tough road tar, road film and brake dust without scrubbing. Use on wire, chrome, mag and aluminum wheels.

Directions:

WARNING - CONTAINS STRONG ACIDS. BEFORE USING, READ ENTIRE LABEL AND SDS SHEET FOR COMPLETE PRECAUTIONS FOR SAFE HANDLING AND USE. MIX SHOW WHEELS™ AS FOLLOWS:

1. Test a spot on reverse side of wheel before using.
 2. For Wire Wheels: use straight, do not dilute.
 3. For Chrome, Mag, and Aluminum Wheels: 1 part Show Wheels™ with up to 10 parts of water.
 4. Wet entire wheel and surrounding area with water. Do only one wheel at a time. Spray directly on wheel. Allow SHOW WHEELSTM to dwell for 1 minute only.
 5. Rinse wheel and surrounding area with water.
- NOTE:** Use only on wire, chrome, mag, or aluminum wheel. Do not use on painted wheels.

Product Number and Packaging:

- #20091 - 1 Gallon
- #20095C - 5 Gallon Cube
- #200955 - 55 Gallon

Storage: Keep container(s) tightly closed and properly labeled. Store in cool, dry, well-ventilated areas away from heat, direct sunlight and incompatibilities. Store in approved containers and protect against physical damage. Keep containers securely sealed when not in use. Containers that have been opened must be carefully resealed to prevent leakage. Empty container retain residue and may be dangerous.

First Aid Measures:

EYE CONTACT: Remove source of exposure or move person to fresh air. Rinse eyes cautiously with lukewarm, gently flowing water for several minutes, while holding the eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing for a duration of 30 minutes or until medical aid is available. Take care not to rinse contaminated water into the unaffected eye or onto the face. Immediately call a POISON CENTER/doctor.

SKIN CONTACT: Take off immediately all contaminated clothing, shoes and leather goods (e.g. watchbands, belts). Rinse skin with lukewarm, gently flowing water/shower for a duration of 30 minutes or until medical aid is available. Immediately call a POISON CENTER/doctor. Wash contaminated clothing before re-use or discard.

INHALATION: Move to fresh air immediately.

INGESTION: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. If swallowed, concentrate may be corrosive to gastrointestinal system. Dilute stomach by giving water or milk. If vomiting occurs naturally, lie on your side, in the recovery position.
