

TIRE BRITE™

WHITE WALL & TIRE CLEANER

TIRE BRITE™ is a super concentrated heavy duty cleaner for tires and whitewalls. Powerful, fast acting, high alkaline formula cleans and brightens tires, whitewalls and raised lettering with minimal scrubbing. Removes scuff marks, grease, and road film in one step. Color brighteners leave whitewalls sparkling clean. TIRE BRITE™ is concentrated and mixes up to 1:10 with water.

Directions:

CAUTION: This product can damage some materials. Avoid direct contact with painted surfaces and mag or aluminum wheels. Wet wheel and body areas near tire with water before using.

1. Mix up to 1:10 with water.
2. Spray directly on tires.
3. Allow to soak. Scrub if necessary.
4. Rinse thoroughly with water.

Product Number and Packaging:

- #20701 - 1 Gallon
- #20705C - 5 Gallon Cube
- #207055 - 55 Gallon

For complete product specifications, review the product SDS at wellworthproducts.com.

Storage: Do not store below 32 degrees F. Do not store in direct sunlight. Keep away from heat, open flames or other sources of ignition. Keep away from children. Keep containers tightly closed.

First Aid Measures:

EYE CONTACT: Flush immediately with large amounts of clean water for a minimum of 15 minutes, lifting upper and lower lids occasionally. Do not rub eyes. If any irritation persists, seek medical attention.

SKIN CONTACT: Rinse area with soap and water.

INHALATION: If breathing is difficult or irritating, move person to fresh air immediately.

INGESTION: Do not induce vomiting. If the person is conscious, give two glasses of water to dilute the ingested material. Follow up with several glasses of fruit juice or very dilute vinegar or carbonated soda to neutralize the alkaline material. Small amounts that may have accidentally entered the mouth should be rinsed out thoroughly with water. Seek medical attention immediately.
