

PLEXALL™ PLASTIC AND TINTED GLASS CLEANER

Today's modern glass surfaces such as plastic glass (plexi-glass) and tinted window film require a special glass cleaner such as PLEXALL™. Select formula contains NO AMMONIA, harsh chemicals or abrasives that could scratch or discolor these sensitive glass surfaces while cleaning. The addition of special anti-static and anti-fogging agents keeps the glass surface sparkling clear by resisting dust and moisture.

Directions:

1. Shake can well before using.
2. For best results, make sure surface to be cleaned is out of direct sunlight.
3. Hold can in an upright position approximately 6-8 inches from surface and spray.
4. Use only clean, soft, lint-free cloths. Use one cloth to lift the dirt and a second cloth to polish.

NOTE: Do not use paper towels, coarse shop towels, etc. that might scratch the surface.

Product Number and Packaging:

#1010 – Net wt. 18.25 oz. V.O.C. Aer.....12 per case

For complete product specifications, review the product SDS at wellworthproducts.com.

Storage:

Do not store above 120°F (50°C). Do not puncture, incinerate or burn can. Keep away from heat, sparks or open flame.
