

UNIVERSAL POWER STEERING™ FLUID AND CONDITIONER

Well Worth's semi-synthetic UNIVERSAL POWER STEERING FLUID AND CONDITIONER has been specially formulated to provide maximum performance and protection. The addition of a concentrated blend of anti-foam agents, corrosion inhibitors, anti-oxidants, dispersants and friction modifiers help reduce system wear, conditions seals and stops squeals. Meets or exceeds the latest O.E.M. specifications for GM Saginaw, Ford M2C128D, Chrysler MS 1872 and AMC 4060. Meets specs for most foreign cars. Well Worth® UNIVERSAL POWER STEERING FLUID blends with all power steering fluids.

Directions:

1. Shut off engine.
2. Add POWER STEERING FLUID to specified level. Do not overfill.
3. Check reservoir regularly and refill and needed.

NOTE: Check the machine manufacturer's specifications when adding UNIVERSAL POWER STEERING FLUID during a machine flush procedure.

Product Number and Packaging:

- #8016 - 64 oz.....10 per case
- #8016R - 64 oz.....10 per case

For complete product specifications, review the product SDS at wellworthproducts.com.

Storage:

Keep containers closed when not in use. Store in a cool, well-ventilated place. Do not handle or store near heat, flame or strong oxidants.

First Aid Measures:

- EYE CONTACT: Flush with clear water for 15 minutes or until irritation subsides. If irritation persists, get medical attention.
- SKIN CONTACT: Remove contaminated clothing, wash before reuse. Wash skin with soap and warm water.
- INHALATION: Remove to fresh air. If irritation persists, get medical attention.
- INGESTION: Seek medical attention immediately.
