

Description:

Powerful yet safe formulation that quickly cleans contaminants from throttle bodies, throttle valves, idle air control valves, air flow meters, mass air sensors and more. Within minutes dirt, carbon and other contaminants that build up in the air intake system are completely flushed away, thereby restoring the precise operation of the air/fuel ratio. TOP SHOT™ won't harm converters, O2 sensors, aluminum or coated throttle bodies, plastic, teflon, aluminum or other space age materials. TOP SHOT™ also comes packaged in our WW kits to provide additional cleaning and service options. TOP SHOT™ #1006 - 20 oz. has a trilingual label (English/French/Spanish).

TOP SHOT™ Air Intake System Cleaner

Directions:

TO CLEAN THROTTLE BODIES AND THROTTLE VALVES:

1. Warm engine to normal operating temperature. Turn engine off.
2. Spray liberally into throat while working the throttle plate. To help clean the IDLE AIR CONTROL VALVE, spray into the AIR BY-PASS PORT.
3. Start engine and continue to spray. Complete by spraying the linkage and outside of the throttle body.

TO CLEAN IDLE AIR CONTROL VALVE: If the IDLE CONTROL VALVE was not thoroughly cleaned while cleaning the Throttle Body or Valve, then it may need to be removed and sprayed. If this is required, then make sure the IDLE CONTROL VALVE is set to manufacturer's specifications when reinstalled.

Uses:

- Throttle Bodies
- Throttle Valves
- Idle Air Control Valve

Packaging:

- #1006 - 20 oz. Aerosol Can.....12 per case
- #1037 - 12 oz. Aerosol Can.....12 per case
- #1059 - 6 oz. Aerosol Can.....12 per case
- WW 24 K Kit - TOP SHOT™ (#1059 - 6 oz.), POWER UP™ (#8003), PRO SHOCK™ (#1053)

For complete product specifications, review the product SDS at wellworthproducts.com.

Storage:

Do not store above 120°F (50°C). Do not puncture, incinerate or burn can. Do not place near sources of heat.

First Aid Measures:

- EYE CONTACT: Wash eyes with fresh water. If irritation continues, get medical attention.
- SKIN CONTACT: Wash skin with soap and fresh water. If irritation continues, get medical attention.
- INHALATION: Remove to fresh air, give oxygen.
- INGESTION: Do not induce vomiting-gastric lavage. Get medical attention.
