

### Description:

For the professional that demands the best and likes using a silicone conditioning coating, SUPER SPRAY SATIN™ is the answer. This product is loaded with silicone glossifiers that replenish the original beauty and shine to any rubber, vinyl, leather or plastic surface. Conditions and protects in one easy application. SUPER SPRAY SATIN™ never leaves the treated surface greasy or sticky.

## SUPER SPRAY SATIN™ Hi-Gloss Finish Silicone Conditioning Coating

### Directions:

**IMPORTANT: KEEP OFF FLOORS OR OTHER SURFACES WHERE SLIPPERINESS CAN BE DANGEROUS.**

1. Shake can well before using.
2. Apply SUPER SPRAY SATIN™ to a clean surface. If surface is dirty, clean with a product like Well•Worth's SURFACE CLEANER™ or POWER BLITZ™.
3. Direct SUPER SPRAY SATIN™ at area to be treated. Apply product in smooth even strokes. Keep the can moving while applying treatment. On most surfaces just spray and let dry. No wiping necessary. However, on vinyl, plastic, or leather seats, we recommend allowing product to penetrate for several minutes before buffing with a clean dry cloth.
4. In tight areas, or if less gloss is desired, product may also be applied by first spraying onto a cloth or sponge and then spreading evenly over surface.
5. For additional protection, more than one coat can be applied. After that, apply as often as needed to preserve and beautify.

### Uses:

- Rubber
- Leather
- For Auto, Boat, Home and Industrial
- Vinyl
- Plastic

### Packaging:

#2010 - 16 oz. Aerosol Can

12 per case
