

# SNUG™ TIRE BEAD SEALER

SNUG™ is the fast and easy way to eliminate bead leaks on all tubeless tires from cars and trucks to motorcycles, ATV's and tractors. No more dealing with messy brush-on sealers, our convenient spray formula helps apply SNUG™ exactly where it's needed, minimizing waste and clean-up. Sets up fast to assure an airtight seal where the rim and bead come together. SNUG™ stops minor leaks where the bead meets the rim and is perfect when re-mounting tires.

### Directions:

1. Make certain surface on rim where tire will make contact is completely clean of rust, dirt, etc.
2. SHAKE CAN WELL. Hold can 6-8 inches from surface and spray SNUG™ on entire tire bead. Continue mounting the tire.
3. When the job is complete, clean spray head and extension tube by turning can upside-down and spraying until only pressure escapes.

For complete product specifications, review the product SDS at [wellworthproducts.com](http://wellworthproducts.com).

### Storage:

Keep away from heat, sparks or open flame. Store at temperatures below 120°F (50°C). Do not puncture, incinerate or burn can.

### First Aid Measures:

- EYE CONTACT: Wash eyes with fresh water. If irritation continues, get medical attention.
- SKIN CONTACT: Wash skin with soap and fresh water. If irritation continues, get medical attention.
- INHALATION: Remove to fresh air. Give oxygen. Get medical attention.
- INGESTION: Do not induce vomiting-gastric lavage. Get medical attention.
