

SNUGTM TIRE BEAD SEALER

SNUG™ is the fast and effective way to eliminate bead leaks on all types of tires. Easy to spray can creates an air tight seal where the tire bead and wheel rim meet. SNUG™ is recommended for mounting new tires as well as stored used tires.

800-890-7935

Directions:

- Make certain surface on rim where the bead will make contact is completely clean of rust, dirt, etc.
- IMPORTANT: Snug must be used with the spray extension tube inserted in spray nozzle.
- 3. SHAKE CAN WELL. Hold can 6-8 inches from the surface. You can spray SNUG™ on the tire bead or on the rim where the bead meets the rim depending on the mounting equipment and mounting process.
- Clean can spray head and extension tube after each use by turning can upside down and spraying until only pressure escapes.

Product Number and Packaging: #3007 - 12/CS
