

BODY GUARD™

RUBBERIZED UNDERCOAT & SOUND DEADENER

BODY GUARD™ is a heavy duty undercoat that dries to the touch in about an hour. Leaves behind a tough, flexible coating that will not crack, chip or peel under harsh conditions. Provides superior salt protection and sound deadening.

Directions:

1. Surface to be treated must be clean and dry.
2. SHAKE WELL BEFORE USING. Allow mixing ball to move freely for about one minute before using. Repeat this procedure periodically during application.
3. Hold can 8-10 inches from surface and spray in smooth even strokes. If a thicker coating and coarse texture is desired, hold can closer during application. For a smooth finish, hold can further away.
4. BODY GUARD™ dries in about 1 hour. CANNOT BE PAINTED OVER.
5. Remove any over spray with Well Worth's TASK MASTER™ cleaning solvent, kerosene or mineral spirits.
6. Clear valve after spraying by turning can upside down and spray until only pressure escapes.

Product Number and Packaging: #9007 – 16 oz (12/CS)

WARNING: Cancer and Reproductive Harm – www.P65Warnings.ca.gov

DANGER: Extremely Flammable Aerosol. Contains gas under pressure; may explode if heated. Causes skin irritation. Causes serious eye irritation. Suspected of causing cancer. Suspected of damaging fertility or the unborn child. May cause respiratory irritation. May cause drowsiness or dizziness. Causes damage to organs (Eyes, Skin, Respiratory System, Central Nervous System, and Kidney) through prolonged or repeated exposure. May be fatal if swallowed and enters airways.

CONTAINS: Magnesium Silicate, Petroleum Bitumen, Propane/Isobutane/N-Butane, Magnesium Carbonate, Toluene, Petroleum Distillates, Methyl Acetate, Methanol, Polystyrene, Xylene, Carbon Black, Ethyl Benzene, Benzene Silica Crystalline.

PRECAUTIONS: Keep away from heat or flame. Do not spray near heat, sparks, or open flame. Avoid prolonged or repeated contact with skin. Intentional misuse by deliberately concentrating and inhaling the vapor of the contents may be harmful or fatal. Do not puncture, incinerate (burn) or store container above 120°F (49°C). Do not place near source of heat, radiator, or in direct sunlight. High temperatures may cause the container to burst.

FIRST AID: EYE CONTACT: Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. SKIN CONTACT: Wash off with soap and plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur. INHALATION: Move to fresh air. If not breathing give artificial respiration. If breathing has stopped, contact emergency medical services immediately. INGESTION: Do NOT induce vomiting. Call a physician or Poison Control Center immediately. Never give anything by mouth to an unconscious person. Risk of product entering the lungs on vomiting after ingestion.

STORAGE: Store locked up. Store in a well-ventilated place. Keep container tightly closed. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

DISPOSAL: Dispose of contents, container to an approved waste disposal plant.
