

# BEAD IT! ULTIMATE HIGH TEMP RED RTV SILICONE GASKET MAKER

Here is the fast easy way to do it all with just the touch of a finger. ULTIMATE BEAD IT™ is a low volatile, low odor RTV silicone that is non-corrosive and has superior non-leak properties. Meets O.E.M. low volatile specs for use with engines equipped with oxygen sensors. Guaranteed to perform from - 85°F to over 650°F (exposure basis). Ultimate will hold up when exposed to oil or glycol (Note: not recommended for areas constantly submerged in oil or glycol). Unique dispenser allows you to draw any shape or size gasket and keeps RTV fresh longer. ULTIMATE BEAD IT™ skins in about 15 minutes and is completely cured in 24 hours. Product will not shrink or crack when used as directed. Not to be used in direct contact with gasoline, fuel, oil, caustic or acid solutions.

#### Directions:

**IMPORTANT:** NOT TO BE USED FOR HEAD GASKETS OR CARBURETOR BASE.

1. Remove old gasket.
2. Use a non-flammable cleaner such as Well Worth's® Brake Away™ Brake Cleaner to remove all oil and grease. Make sure surface is clean and dry.
3. By exerting constant pressure to the can stem with your finger, draw an even bead of RTV silicone (1/16" to 1/8" wide) to one mating surface.
4. Using a clean dry cloth or knife, wipe away any excess RTV Silicone.
5. Wait 15 minutes for bead to skin before re-assembling parts. Make sure parts are properly aligned the first time. Don't over tighten bolts

#### Product Number and Packaging:

#6005 - 12/CS

**IMPORTANT:** TO SELF-CLOSE CAN, ALWAYS ALLOW ½" OF BEAD IT™ TO EXTEND PAST STEM OPENING. ON NEXT USE, PULL UPWARD TO REMOVE CURED PLUG

KEEP OUT OF REACH OF CHILDREN

**CAUTION:** CONTACT WITH UNCURED SEALANT CAUSES IRRITATION. CONTENTS UNDER PRESSURE. CONTAINER IS PRESSURIZED WITH A FLAMMABLE HYDROCARBON PROPELLANT. DO NOT REMOVE RUBBER PLUG.

In case of contact with skin, wipe off with paper towel or cloth and wash with soap and water. In case of eye contact, immediately flush with water for 15 minutes. Call a physician immediately. Use with adequate ventilation.

Do not puncture or incinerate. Do not store in temperatures above 120°F. Do not store in automobiles, in direct sunlight or any area with temperatures above 120°F.

Contains Polydimethylsiloxane (63148-62-9), Crystalline Silica (14808-60-7), Amorphous Silica (7631-86-9), Methyl Tris Silane (22984-54-9), Pigment (unknown).
