

TRANS VITAL™

AUTOMATIC TRANSMISSION CONDITIONER

Revitalize your transmission fluid with Trans Vital's concentrated blend of antioxidants and dispersants. Special conditioners keep seal soft and pliable. Trans Vital keeps transmission shifting properly and valve body free from deposits that hampers fluid flow. For preventative maintenance, add Trans Vital to every new transmission, and as a top off treatment to any transmission to keep vehicle shifting smoothly. Proper protection is critical for vehicles under high stress and high temperature conditions such as pulling a trailer or snow plowing.
