#### Directions:

If the vehicle is equipped with a cabin air filter (located in the air intake system prior to the blower motor), it must be removed prior to treatment with FRESH VENT+™ and reinstalled or replaced after system treatment. With windows closed, set the blower to medium, set the temperature to full cold, place the can horizontally across the air intake on the outside of the vehicle in the cowl area at the base of the windshield. Spray entire contents of can into the cowl air intake and let the blower run for 10 to 15 minutes. Avoid changing blower speed during treatment process as sparks could potentially ignite FRESH VENT+™ product. After 10-15 minutes, switch the temperature control to full heat and run vehicle for an additional 10-15 minutes with the windows down. Treatment is now complete.

#### Product Number and Packaging:

#4919 – 12 per case

Read Safety Data Sheet before using.  
KEEP OUT OF REACH OF CHILDREN.

#### COMPOSITIONAL INFORMATION

Contains: Acetone, Petroleum gases, liquefied, sweetened, Citronellol, Linalool, Coumarin, Amyl Cinnamal, 2-(4-tert-Butylbenzyl)propionaldehyde, 3 and 4-(4-Hydroxy-4-methylpentyl)cyclohex-3-ene-1-carbaldehyde, Hydroxycitronellal.

DANGER: Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes serious eye irritation. May cause drowsiness or dizziness.

#### PRECAUTIONARY STATEMENT

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Wash hands thoroughly after handling. Wear eye protection and face protection. Avoid breathing mist, vapors or spray. Use only outdoors or in a well-ventilated area. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.

#### STORAGE

Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place. Store locked up. Dispose of contents and container in accordance with local, regional, national and international regulations.
