Directions:

Warm engine to normal operating temperature. Turn engine off.

TO CLEAN THROTTLE BODIES: Remove air cleaner. Spray liberally into the throat while working the throttle plate open and closed manually. To help clean the idle air control valve, spray into the air bypass port. Start engine and continue to spray. Complete by cleaning the linkage and outside of the throttle body.

TO CLEAN THROTTLE VALVES: Remove air intake boot as close to the throttle valve as possible. Place a shop cloth under the throttle valve. Spray liberally into the throat while working the throttle plate open and closed manually. Complete by cleaning the linkage and outside of the throttle valve.

TO CLEAN IDLE AIR CONTROL VALVE: If the idle air control valve was not thoroughly cleaned while cleaning the throttle body or throttle valve, then it may need to be removed and sprayed. If this is required, then make sure the idle air control valve is set to manufacturer's specs when reinstalled.

Product Number and Packaging:

1036 – 12 per case

COMPOSITIONAL INFORMATION:

Contains: Acetone, Carbon Dioxide, n-Heptane

DANGER: Extremely flammable aerosol. Contains gas under pressure; may explode if heated. May be fatal if swallowed and enters airways. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness.

Precautions: If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition source. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Wear protective gloves, eye protection and face protection. Wash thoroughly after handling. Avoid breathing mist, vapors and spray. Use only outdoors or in a well-ventilated area.

First Aid: IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.

IF SWALLOWED: Immediately call of POISON CENTER or doctor. Do NOT induce vomiting.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Storage: Keep cool. Store in a well-ventilated place. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

Disposal: dispose of contents and container in accordance with all local, regional, national and international regulations.
